DOMINANT AUSTRALIA LIFTS WORLD CUP FOR FIFTH TIME

RH Team

Kiwis won fifth world cup in a easy final where they had chase a small total of 183. Michael Clarke hit 74 in his last one-day international to lead Australia to their fifth World Cup title with a seven-wicket win over New Zealand in a disappointing final on Sunday. A record crowd of 93,013 at the Melbourne Cricket Ground saw power-packed Australia bowl out the Black Caps for 183 and then gallop to victory in the 34th over. Clarke, who announced his retirement from the one-day format on the eve of the final, added 112 runs for the third wicket with his likely successor Steve Smith, who returned unbeaten on 56.

The emphatic win was set up by the left-arm fast bowling trio of Mitchell Starc, James Faulkner and Mitchell Johnson who shared eight wickets after the Kiwis elected to bat on a good pitch. New Zealand messed up their maiden appearance in the title clash of cricket's showpiece event, falling like nine pins against the Australian bowling. Inspirational captain Brendon McCullum fell off the fifth ball of the innings for a duck and two other frontline batsmen, Corey Anderson and Luke Ronchi, also failed to score. South Africa-born Grant Elliott top-scored with 83, sharing a fourth-wicket stand of 111 with Ross Taylor (40) after New Zealand had been reduced to 39

for three in the 13th over. New Zealand crumbled after going into the final as the only unbeaten team in the 14-nation tournament, their eight wins including a one-wicket success over Australia in a low scoring pool stage thriller. Australia's previous titles came in 1987, 1999, 2003 and 2007 with coach Darren Lehmann, a two-time World Cup winner as a player, celebrating another success off the field. New Zealand raised hopes of repeating their amazing win in the league when they removed Aaron Finch for a duck in the second over, Trent Boult taking an easy return catch as the ball lobbed off the batsman's bat and pad. Left-hander David Warner slammed

seven boundaries in his 45 off 46 balls, adding 61 for the second wicket with Smith, but the pugnacious opener was unable to build on his fine start as he pulled seamer Matt Henry down Elliott's throat at deep square-leg. Smith, who scored a century in the semi-final against India in Sydney last Thursday, continued his good form to help Clarke take charge of the match. Clarke was bowled by Henry when just nine runs remained for victory and was given a standing ovation by teammates and fans as he returned with his bat raised. Smith sealed victory by pulling Henry for a boundary, sparking jubilant scenes in the stands as Clarke and the rest of the team ran on to the field to embrace Smith. Starc's two wickets in the innings took his tally to 22, enabling him to emerge with Boult as the joint highest wicket-takers in the tournament. Martin Gupthill surpassed Sri Lankan Kumar Sangakkara's 541 runs to become the tournament's leading run-getter when he reached 10, but he managed to add just five runs more. The tall opener, who hit a World Cup record score of 237 not out against the West Indies in the quarter-finals, was bowled trying to cut Glenn Maxwell's second delivery. Taylor and Elliott settled in to build a strong partnership and had taken the total to 150-3 when the batting powerplay began after the 35th over. Both sides fielded unchanged teams from their semi-final wins where Australia beat India and New Zealand downed South Africa in a penultimate-ball thriller.

Abhinav Nagori's cremation leaves everyone emotional

RH Team - Amid an emotional ambiance, the body of lieutenant Abhinav Nagori who lost his life in the Donier accident in Goa was cremated. A huge crowd gathered on Sunday to pay homage to the beloved braveheart of the city. His

body was brought to Udaipur on Saturday afternoon and on Sunday, the final rituals were performed by his father. The procession started from his home in Chitrakoot Nagar and reached Moksh Marg Ashok Nagar via celebration mall,

chetak circle, Sooraj Pole, Durga and Nursery road. Band of the air force too paid their homage to the martyr from the gate of the cremation place to the cremation point. Mother of Abhinav said that she is proud of her son.

President of India Confers Bharat Ratna on Shri Atal Bihari Vajpayee

The President of India, Shri Pranab Mukherjee conferred the Bharat Ratna on Shri Atal Bihari Vajpayee this evening (March 27, 2015) in New Delhi. In a special gesture, the President conferred the Award in a simple ceremony held at the residence of Shri Vajpayee. Shri Mohd. Hamid Ansari, Vice President of India;

Prime Minister Shri Narendra Modi; former President Dr. APJ Abdul Kalam; former Prime Minister Dr. Manmohan Singh; Union Home Minister Shri Rajnath Singh; senior members of the Cabinet; several Chief Ministers; leaders of political parties; members of Shri Vajpayee's family and other dignitaries were present on the occasion.

Cutting across party lines, members of the assembly congratulated former Prime Minister Atal Bihari Vajpayee on Friday for receiving the Bharat Ratna. The House passed by voice vote "congratulations and best wishes" to Vajpayee. The highest civilian award was presented by President Pranab Mukherjee at his residence on Friday. As speaker Kailash Meghwal read out highlights of the 90-year-old minister's political, social, parliamentary and foreign affairs attainments, the members extended their greetings by thumping the tables in the House. "Vajpayee was a legendary parliamentarian, well-acclaimed not only in the Lok Sabha and Rajya Sabha, but also recalled in state assemblies," the speaker said after the Question Hour. "Vajpayeeji is the pride of every one in the country as every one pays respect and has faith on him. He has proved his leadership in Indian politics and Parliament at international level too," he added

Advices of getting passport

RH Team

Regional passport officer Vivek Jeph has advised people to stay away from agents who not only make the process complex but also charge unnecessary money from citizens, Jeph said that the process of getting a passport has been simplified in Rajasthan and special preference is being given to ladies and senior citizens. Talking to Royal Harbinger, Jeph told that people do not need to do rounds of offices. The entire process has been simplified and has been made very easy. In the tenure of merely 15 months, more than fifteen thousand passports have been issued. He said that in a camp of just two days, about 350 passports can be processed. "According to rules, passport must reach

the applicant within 42 days of application. In case of any delay, applicant can directly reach me," he said. Replying on question on why there is no Passport office in Udaipur, Vivek said, "We receive 40 applications on an average from city which is too less to open a passport office. We also need approval from foreign minister for this."

Elaborating on the process of a passport, Jeph said that applicant has to apply themselves with fees. Then a date is allotted to them for the verification of documents. And then the process follows. Vivek also informed that Jaipur passport office keeps on updating the applicant through regular status messages on phone. Mr. Vivek advised to stay away from agents as while filling forms, the agents leave their contact detail in form and all details go to them instead of the applicant. He also said that if an application has been rejected once, the applicant must apprise this in his subsequent application otherwise the application could be blocked.

3-day Children's National Film festival on 'Swachhta' theme begins

RH Team

Udaipur : In a bid to expand the market for Children's film and encourage talent in the country, Children's Film Society India (CFSI) and the district administration, is jointly organizing a 3-days National Children's Film Festival here. The move comes close on the heels of the Hon'ble Prime Minister, Shri Narendra Modi Ji's cleanliness drive announcement and in keeping with his vision, CFSI has announced the central theme of the festival as 'Swachhta'.

The festival is a three day event, has begun on Sunday at PVR Cinema (Celebration Mall), INOX Cinema (lakecity Mall), Ashoka Cinema and Picture Place Udaipur. Actor Faisal Khan (Maharana Pratap of small screen) will be the Guest of Honour for the event and would likely be taking acting workshop for the kids of Udaipur. "Our earlier experience with

NCFF in Delhi was highly successful and we are extremely happy to launch another edition of this festival now in Udaipur. Various initiatives driven by CFSI and workshop being organized at NCFF will encourage the children in learning about films and film-making." Ms. Shrivastava HR Head, CFSI said. "The objective behind this festival is not only to expand the children's film market or encourage makers to come forward but also to nurture talent from a very young age. If we can showcase the right content and create a conducive environment for children to pursue film making or allied creative career paths, I'm sure we will get great talent emerging out of our country." collector Ashutosh AT Pednekar said. During the festival 27 films will be screened with latest CFSI film EK THA BHUJANG leading the pack. For the benefit of children in rural areas of Udaipur where theatres are not available, CFSI has made special arrangements with the

co-ordination of education department to conduct shows of CFSI latest and award winning films through LCD projectors in school premises itself. NCFF will present itself as a carnival to woo young audiences and lend itself as a learning platform through Film Making Workshops and other various activities. In the section of Little Director, children will be given an opportunity to shoot films on Swachhta in different places of city for which district administration has provided them video cameras. A leading panel of the judges will select the best three films. There will be a "Kid's Mela" where children can have fun galore after watching good cinema. CFSI will also organize FILM WORKSHOPS for children with a view to getting them acquainted with the basics of film making. These Workshops will be conducted by experts from film industries for groups of talented and deserving children between the age group of 5 to 16 years.
