Why should you wear helmet

Well you must be thinking that here we will share safety reasons why you should wear a helmet on your head, its not like that, at least in the editorial for today. Its your head and you can chose to keep it vulnerable to deformity, injury, and end of life. Well, the idea to write this piece of text is that you should understand that you are actually doing a lot bad with your personality when you roam around sans helmet. Here are some unusual reasons why you should wear a helmet: Style Statement No matter how stylish your bike is, you look odd and quite rustic when you ride it without a helmet. A helmet is a style statement that complements your looks with bike. There are umpteen models available in market and you can choose the one that suits you. If you want to wear goggles or aviators, select an open faced helmet, else buy a helmet that is ergonomically tested and covers your head, face, ears, and even chin below. Protection for face skin Weather, always has an impact on your skin. Girls use scarf to cover their faces to ensure they keep away from sunburn and pollution that causes darkening effects but a boy has no other way to cover skin. A full sized helmet is always perfect to protect skin and that too in a stylish way. Believe me, a man in helmet does look outstanding and not odd. And if you try a scarf to cover your face, you will not look good, I tell you. Safety, of course Well,

this part is written in the end to mark the importance we people give to ourselves. We're brave, not really. You know what we are when we compromise our lives to prove that we are brave in a weird way. You jump off a 3 storey building, you hit against a truck from front, you cut your veins to prove your love, and you avoid helmet to look cool are some examples that some, so-called, brave hearts attempt.

If you really care about life, a good face, and stable head, choose the cushioned helmet. Start wearing helmet and seatbelt not for your self but for others, especially your own kids. Leave aside the reason that it is required by the law of the land or not. Kids do whatever parents do. Buy yourself a good helmet and wear it with pride. If are caring for those who will mock you on this, take this war head on, because you are on a correct side, you are bound to win. Rotary club meet "Live for others and serve the world. Udaipur. Setting a benchmark for the world of Indian television with its humorous gags and numerous celebrity appearances, COLORS' flagship show Comedy Nights With Kapil has tickled dozens of funny bones and brought tears of laughter to the eyes of its loyal followers through a series of gags and comic situations. With Bittoo Sharma's funny family and their antics creating a laughter riot which have taken the nation by storm, the characters on the show have now become household names. Enhancing the number of household names by adding more members to the family,

Comedy Nights With Kapil is all set to take a funny twist - a one year leap in the life of Bittoo Sharma and his family which promises to bring out a new flavor of humour! And joining the team for this landmark twist in the tale is one of the show's biggest enthusiasts, Akshay Kumar! While the show has always enjoyed a strong and loyal viewership, the leap on Comedy Nights With Kapil brings in a volley of creative changes which are a gesture of gratitude to the followers of the show. The one year leap will bring about multiple comical twists in the plot of the show which will create fresh elements that will grab viewer attention. And as the story zips forward, so do the lives of the characters who have won hearts by their peculiar traits. Dadi's (played by Ali Asgar) alcohol addiction will take the shape of an acute memory loss as she continues to make the audience laugh with her wacky humour and her awkward 'shagun ki pappi'. Bittoo's wife, Manju (played by Sumona Chakravarty) will grow in her role as she becomes a working woman earning her own bread. She also now shelters her siblings under Bittoo's roof.

Bua strikes gold as she wins a lottery and is now an infrequent visitor at the Sharma household. Gutthi (played by Sunil Grover) turns business-woman and opens her own beauty parlour. Adding more glamour to Sharma family's tale, will be the superstar Akshay Kumar whose presence will highlight the beginning of a new phase in the Sharma household as he inaugurates Gutthi's new venture on the show. Making stomachs hurt with laughter, Akshay Kumar will blend his sense of humour into the show through some fun-filled interactions with Gutthi, Choti Bua and Palak! A surprising element to the show will be Akshay Kumar's lookalike who will be seen making his debut on the show as Palak's (played by Kiku Sharda) boyfriend. Having landed a good-looking boyfriend, Palak will also be seen taking inspiration from her sister and opening a tailor shop with the help of her mother Pankhudi.

The existent ensemble cast will also be seen taking on a lot more avatars. Ali Asgar, famous as 'Dadi', will also essay the role of 'Choti Bua'. Vishal Singh, the newest member to join the Comedy Nights With Kapil family, will be seen portraying the role of Choti Bua's boyfriend. While Sunil Grover will now play both, Manju's mother and father, his original character Gutthi will sport a brand new and 'contemporary' look. While changes will be made to the cast, the set will also see a wave of change keeping up with the changes in the time frame. An addition of a beauty parlour and a tailor shop will have the sets of Comedy Nights With Kapil moving away from Bittoo's home to incorporate the entire mohalla!

While one section would focus on news related to the Pepsi IPL the other section 'what's hot, what's not' would focus on the high points or low points of the tournament. With the music band becoming a regular feature on Extraaa Innings, the show will now keep count of the number of times the panelists or presenters say the words "Thoko band" by having a graphic bug displayed on the bottom of the screen every time the words are uttered, giving scope for contests for the viewers.
