Absence of humanity in our age

Humanity has taken the wrong road in 21st century. Something is wrong somewhere. Human beings are progressing, everything is changing. But

scientific developments and philosophies are unable to give us happiness. World is getting richer, we are full of power and resources but something essential is lacking. Humanity has lost its meaning. Our moral values are decreasing. We are more or less busy in increasing our financial status. It's not 20th century in which people were fighting for land and power. Its 21st century where we all are fighting our own battles. We are facing two basic problems in this century; religion and hatred for girl child. Religion should bring us together but unfortunately it is dividing us. Religion must always be for the people. People do not exist for the sake of religion. We have forgotten the truth that we are one, we live in one world, one planet and we belong to one religion, Humanity. Second problem is even bigger. People are losing moral values. Girls are unsafe everywhere on this planet. Many precious daughters are murdered in mother's wombs. Girls are raped and brutally murdered just to satisfy lust. Relations are dying and trust has become a rare word in this era. We can't trust anyone for our girl child's safety. Our close relatives have become suspicious in our hearts. It's awakening time now. We are living in a society where men have all the rights while women are still fighting for their existence. Males have supreme powers and families run by their names. Daughters have been ill treated since ages. Its irony that fathers brought up their daughters as 'paraya dhan' and in laws treats them as investments and machines which can produce only males. It is in our hands to stop crime against women. We are part of society, when we agree with the system we agree to snatch away all the rights from our daughters. Change will come when we start accepting our daughters as assets. No Government and no law can provide us safety. Humanity starts from our homes. God has created females for a beautiful purpose. They can give birth to another life. If daughters will not be protected how can we expect our names to be remembered in future? Don't pass these immoral values to the next generation. Males and females both are beautiful creations of God. Construction and destruction are in our hands. We can protect humanity by saving girls, religions will be saved automatically. Life is to spread happiness; hatred will be disappeared from earth when we start loving all creations of GOD.

MMPS student wins medals

Udaipur : MMPS's student Vasundhara Singh Chauhan brought laurels by winning medals at the 59th State Level Swimming Competition 2015. The competition was organized at the school level in which Vasundhara won gold medal in 4x100 free style relay and silver medal in 100 m butterfly; both in under-14 category. Vasundhara will now participate in the national competition as a representative from Rajasthan.

Menaria is captain of Rajasthan

Udaipur : Udaipur's Ashok Menaria has been appointed as skipper of Rajasthan cricket team. City's another star Dishaan Yagnik also made it to the Ranji team. City's Rajat Chhaparwal will show his skills in the under-19 team. Menaria has been made the captain for first two matches. Menaria said that his complete focus is on Ranji Trophy starting from 1st October. His team will show full to win Ranji. He attributed his achievement goes to the people of Udaipur.

Road safety campaign distributed inspiring slogans

Udaipur : Under the intensive road safety campaign run by the state government on the macro-level, today at the University of the Pacific, about 250 principals of various educational organisations were distributed a total of 33 inspiring slogan related to road safety. Additional regional transport officer Prakash Singh Rathore said that the road safety program held at Pacific University focuses on spreading awareness about road safety especially to the general public and schools and colleges to educate the children and the importance of safe vehicles to operate state schools. The head of school will educate the children through these slogans.

Shoes distributed to children

Udaipur : Rotary Club Heritage and Interact Club of Ryan International distributed shoes and slippers to children from government school and orphanage in a program held at Ryan International School. Club president Rahul Bhatnagar said Government Sanskrit Vidyalaya located at Rampura and one orphanage's 110 children were distributed shoes and slippers. The chief guest of the program was Mahendra Sojatiya and special guest was former Mayor Rajni Dangi. Club secretary Jayesh Parekh, Deepak Sukhadiya, Deepa Goyal, Rahul Shah, Vasant Khamsera and principal of Sanskrit Vidyalaya, Sheela Sharma were present at the ceremony. In the end, Ryan International School's principal Poonam Rathore paid the vote of thanks.

21-day Refresher Course on Environmental Studies begins

Udaipur : The 21 day long refresher course on 'Environmental Studies' commenced at FMS auditorium in which 80 assistant professors will present their views. This is the initiative by Mohan Lal Sukhadia University, Maharshi Dayanand University (Ajmer) and UGC's Human Resource Development Center. At the inaugural function, Chief Guest Mayor Chandra Singh Kothari congratulated all for this initiative and motivated the students to partake in this course. Registrar Shankarlal Chaudhary emphasized that MLSU conducts more number of seminars and extension lectures than any other university in the state.

MDS varsity says no to 'European gowns', opts for 'Indian dress'

Ajmer : The Maharshi Dayanand Saraswati (MDS) University of Ajmer has decided to do away with what it calls "European black gowns" and introduce Indian dress code for this year's convocation ceremony, to be held on October 5.

According to letters sent to the university students the university administration has asked men to wear kurta-pyjama and women salwar-kurta or saree while receiving medals and degrees at the convocation function.

MAHARSHI DAYANAND SARASWATI UNIVERSITY, AJMER

"We have decided to do away with British-era academic tradition of wearing European black gowns during convocation ceremony," said KS Sodani, vice chancellor, MDS University. "We

have asked students to come attired in Indian dresses," he added.

Justifying the new dress code, Sodani said even former president Dr APJ Abdul Kalam wanted to dis-

continue the culture of European black gown during such ceremonies.

Former Rajasthan governor Margret Alva had during a convocation ceremony also criticised the practice of

wearing black gown, he added.

However, National Students Union of India (NSUI), the student wing of the Congress party, criticized the university move. "They are trying to saffronise the convocations as well," alleged Lokesh Kothari, president, NSUI, Ajmer. They are trying to saffronise the convocations as well, alleged Lokesh Kothari NSUI president Ajmer. He questioned what harm in wearing black gown is. He also questioned why only Kurta pyjama, they could have asked for decent clothes.

"It is one more ban after meat ban (during some days in year) from the 'saffron brigade' they are pushing their agenda to have a say on our wearing," said Kothari.

Railway station will soon have Rana's 'Pratap'

Udaipur : Rana Pratap Nagar railway station and in the minds of residents as the nature of the plan, would soon take place. Both the government and the railway department is positive thinking. It was started on Saturday. As soon as the statue of Maharana Pratap was unveiled, people realized that that the name

Ranapratap Nagar Station truly has a form. This happened in the presence of Home Minister Gulab Chand Kataria and DRM Naresh Salecha.

They jointly initiated that the Rana Pratap Nagar Station be beautified. Home Minister Gulab Chand Kataria said at the unveiling ceremony on

behalf of the municipal railway offered Rs 1 crore for the second entry. He also said that initiative must be taken to beautify railway premises and to put parking lot in a systematic manner. The broad gauge line between Ahmedabad and Udaipur have trouble in some places land acquisition.

The local administration will cooperate. The talks will not resolve the problem at hand Jaipur. He soon Udaipur some new trains will run. This Haridwar, Jammu as South India's proposal to introduce a rail facility. The broad gauge will not start until Ahmedabad, and then train to Chennai via Ratlam is also proposed.

VP confers Samson Daniel Award to Ryan International

Udaipur : The prestigious Samson Daniel Award was presented to Ryan International Group of Institutions for its contribution towards the elderly people of the society on the International Day of the older persons organized by HelpAge India on 01st October 2015, New Delhi. Mr. Ryan Pinto, CEO and Ms. Snehal Pinto, Director, Ryan Group received the award from Hon'ble Vice President of India, Shri M. Hamid Ansari. The Ceremony had an

august gathering addressed by Vice-President of India who commended the endeavors of Ryan International Group of Schools across India, under the able leadership of Mrs. Grace Pinto. Speaking about this honour, Mrs. Pinto said, "We are grateful to our Lord Jesus Christ for this honour". The Ryan group has always given utmost importance to inculcate values of respect, charity and kindness amongst student's right from the young age who in turn strive to impact the society and work towards this vision with compassion and much generosity in a focused way. We are thankful to our parents and students for the support and generosity towards this noble cause."

Udaipur's Sajjangarh Biological park: A New Tourist Destination

Ritu Sodhi/ Udaipur

Sajjangarh biological park has become new tourist attraction in Udaipur these days. Udaipur is well connected by road and air links to all parts of India.

Sajjangarh biological park is developed with a budget of 21.70 crore rupees and covers an area of 5.19 square kilometers. The hillside around this park is thick and lush green. This enhances the beauty of this park. Almost 21 species including tigers, panthers, reptiles, ostriches, hyenas, alligators, jackals have been kept here in their natural habitat. Many would have seen wild animals inside cages in a zoo but real experience is to see them roam around in the open park. This place is also popular among localites for bird watching. Vehicles are strictly pro-

1.42 lacs visited biological park

Almost 1.42 lacs tourists have visited this park in last five months. This park has generated revenue of about 42.72 lacs in such a short period. Forest authorities are planning to add more attractions to this park in near future. White tiger, zebra and giraffe will be brought from other parts of our country. Popularity of this park will definitely increase in coming years and Udaipur will be known by this biological park very soon.

hibited inside as to control pollution. Wild animals get easily irritated by the sounds produced by these vehicles. Tourists can use golf carts pro-

vided by the authorities. Bicycles are good options for those who are health conscious and want to enjoy nature in holiday mood.
