At All Cost Lakes Must Remain Pollution Free - Collector

Udaipur: In order to keep the pollution-free of Udaipur, the lake development authority will take effective action, keeping strict vigil over the establishments running hotels, restaurants and commercial activities.

Under the chairmanship of district collector Rohit Gupta, in a meeting of the lake development authority held on Tuesday, there was an intense discussion on the participation of respective departments regarding keeping the lakes and river clean and pollution free.

The collector said that in any

way effective action would be taken at every level to prevent wastewater, dirty water or pollution causing substances. Strict action should be taken against the culprits keeping a close watch on operated business activities about hotels, restaurants and lakes. He told the officials that they should systematically settle the concrete waste of hotels on the lake shore, ensure its constant monitoring.

Pollution not spread from boats. The Collector said that pollution from the boats operated in the lakes would not be spread, for this their operations

should be based on solar, LPG or CNG. Simultaneously, monitoring their regular, fitness checks and non-acceptance boat operations. Be done by department concern Water quality monitoring is need of

hour. Collector said that quality of the water of the lake, CCTV cameras will be monitored continuously. He said that CCTV cameras are proposed to be installed in the wake of

the city traffic system and protective measures along with the lakes.

The help of the general public will be taken to prevent the sewerage effectively in the city lakes. For this, the common citizens will be able to complain against the action Udaipur. Such awareness will be given as a reward of 100 rupees. The Collector asked the UIT to make a proposal to keep the clean pond of the big pond free of pollution free. He instructed them to make boat operations operational in a big way, to ensure environmental compliance. Along with those

no-plastic zone instructions in the lake area to literally follow. In the meeting, the District Collector gave instructions to the Forest Department and Fisheries Department to take appropriate steps for the protection of Mahasir fish in the reservoirs.

Chief forest officer Rahul Bhatnagar, municipal commissioner Siddharth Sihag, Mrs. Kirti Rathod, Kamar Chaudhary, Deputy Forest officer O.P. Sharma, Regional Transport Officer ML Rawat, Tourism Deputy Director Sumita Saroch, and other officials. Were present.

Spic Macay Program at CPS

Udaipur: Enchanting dance recital by Odissi dance Guru Sharmila Biswas at CPS, Udaipur. A leading dancer and choreographer in Odissi classical dance form, Sharmila Biswas presented her mesmerizing dance recital at CPS before the students and teachers. She was accompanied by Mr. Sukanto Kundu, Mr. Ramesh Chandra Das & Mr. Ram Chandra Behra. Her one hour presentation gave an insight into the traditional movement skills of Odisha. She started

her performance with an invocation to god. She showed to the students through dance steps how to depict nature, animals, birds

and trees in the performance as dance is another form of narrating stories through gestures.

Her recital evolved around the stories related to Krishna - his childhood mischief, the killing of the demon Putna, the serpent in the water and the revelation of whole of brahmand when Krishna was asked to open his mouth by Yashoda. These presentations were awesome. Thorough out the recital her grace expressions, intensity kept the viewers in awe.

There was loud applause from them after every episode. She is a recipient of the Sangeet Natak Academy Award and other well known awards. Such Cultural activities are organized at CPS to help promote the knowledge of Indian Classical Music and culture amongst the youth. Proposing a hearty vote of thanks to Sharmila Biswas the dance exponent our Honorable Director, Mrs. Alka Sharma paid glowing tribute to the artist and here dance form.

Dr. Arvinder Singh @ "Scan-17"

Udaipur: CEO of Arth Diagnostics Dr. Arvinder Singh was invited by the famous medical imaging company CURA, in Chennai in "Scan-17" program at Chennai.

Dr. Arvinder Singh in his the lecture for market leadership

impressed the participants., he said it is necessary for companies to increase their profits on contrary they should provide better services to the patients at the right price. Dr. Singh categorically asked the audience that upgrading technology only is not enough. But its use requires proper training.

Without training, high technology can't be use in right way the training is not possible. By demo and lecture, Dr. Singh further informed that how imaging companies can provide world-class machines at better quality and lower rates by reducing their expenditure.
