

# Daksh left the World Fascinated by creating his 5th Android App

Ph 9  
Udaipur : In the age in which School Students learn the ABCD of the technologies, Daksh Agrawal of Udaipur has made his fifth Android Application and has fascinated the World. His Self-Confidence & self-learning has made this Guy in age of 14 years a magician in Indian Technologies which even the experienced Engineers feel proud to become. In a Press Conference on 23rd Jan, Daksh launched the Application in the presence of Grandfather Dwarka Prasad Gadodiya, Grandmother Sushila Devi, Mother Ruchi Agrawal, Brother Ansh Agrawal and Father Amit Kumar Agrawal.

Daksh, the student of Class 9 in St. Paul's School, has launched his 5th application 'Society' across the Whole India. It has been launched on Google Play Store after testing all its features and efficiency. It is available for Free across India. Telling about the Society Application's use, Daksh said that it is very useful for all those who work as clubs, associations and collective institutions or are living in an apartment or com-

## Add and view members

Daksh told that the society is a family and through the App all the members of the society can recognize each other and can increase the scope of their social life. You can see and keep all important information, essential documents, Remarks, Notifications and A.M.C. of the Society safe on the 'Society' Application's Servers. So that wherever and wherever needed, access can be made through mobile phones.

plex. All the management is done collectively there. This app is fully competent and

## Appreciated by the chief minister

Along with proficient studies, he uses 4 to 5 hours daily for App Development. He has a very good grip on many programming languages. In the past, Chief Minister Smt. Vasundhara Raje appreciated his abilities and Home Minister Gulabchand Kataria and former District Collector Rohit Gupta honored him on the occasion of the Republic Day.

helpful in eliminating all the problems encountered in collective events and manage-

ment. In this, all the members, according to the permissions given to them, can keep

## Benefits of Society Android App

Daksh told that the rules made to run the society are always available to the members. No person can take advantage of the fact that the rules were not known. Number of employees, list of institutions, their names and contact numbers (electrician, plumber, security guard, etc.) can be seen at the help desk. All authorized members can see the short and complete details of all expenses and income of the society at just one click. In the final report, all the members of the society can see the financial position of the Society. Daksh told that another special feature of the app is that it can manipulate several different societies simultaneously. Every person can add countless people to the society. All members of the group can keep their accounts online without pen, diary and dispute. In the era of digitalization & technology, the societies are still working on pen and paper. So, Daksh decided to make a new app. After one and a half year's untiring efforts, he did this. Daksh completed this project by taking opinions through the blogs of the technology experts of the world and today they have also considered Daksh's achievements remarkable.

account of the collective income and expenditure of the society, information of meetings, problems or programs, records of people and establishments related to the society, employees' records, and other information.

Daksh told that all members can post the meeting, photo, video and other information of the society and post their likes, dislikes and thoughts and can also do online discussions. By Adding Bills, the Society's

authorized person can post the details of all the bills and expenses of society. This will bring transparency in expenses and the disputes will be over. In the Add Receipt Section, the Society authorized person can post all income details and the receiver receives the receipt on e-mail. In 'May I Help You', users can post all the requirements related to society and flats such as if flats are available, to buy, to rent or to give or any other.

## "Apna Naam Zindagi Btati Woh"

Gehri neendo ke sapno mein, dur kahin jhilmilati si,  
Khuli aankho se bhi dikhti woh Dil mein aati jaati si..

Kabhi thehar Jaye woh raahat bankar aankho ki udaasi mein,  
Kabhi udd jaati pankh lgaakar hothon ki muskurahat si..

Kabhi gum ho Jaye ruth Kar woh, band seep mein ho moti jaise,  
Kabhi bhumlaker khud ka sab kuch tumko woh manaati si..

Kabhi bechaini ke aalam mein neendo se tumko jagaati si,  
Kabhi tapte huye maathe pe haath rakh Kar pyaar se sehlati si..

Ladd leti duniya se tumhare liye, par fir Bhi tumko kuch na btati si,  
Rukti Kahan phir bhi patang si Malang woh, pyaar kabhi na chupati si..

Tedhe medhe raasto ko paar karke tum Tak pahonche woh,  
ho jaise Nadiya ka paani,  
Tumse shuru ho kar tum par theharti, ho jaise woh likhi koi tumhari hi Kahani.

Poem by Arshiya Thakral
