

KENU AGARWAL AMONG THE 20 SELECTED FOR INTERRELIGIOUS TRAINING

New Delhi: Ahimsa Vishwa Bharti consultant and Sankar Bharti Chandni Chowk District President Kenu Agarwal have been selected for King Abdullah Bin Abdulaziz International Centre for Interreligious and Intercultural Dialogue (KAICI-ID) International Fellow Program 2019.

KAICIID, based in Austria's capital city Vienna is an inter-

governmental organization jointly founded in 2012 by the Republic of Austria, Kingdom of Spain, Kingdom of Saudi Arabia and the Holy See (Vatican) following the initiative of King Abdullah of Saudi Arabia to promote inter-religious dialogue with the aim of preventing and resolving conflicts.

The participants for the

International Fellows Programme were chosen after a rigorous process that involved in-depth assessment and interviews of applicants from around the world. Kenu Agarwal is among the 20 candidates selected from all over world for this training

KAICIID International Fellow Program brings together religious workers and teachers from around the world for in-person and online training in dialogue, mediation and promoting social cohesion. The Fellows program is designed to equip inter religious workers and teachers with the skills

to educate about interreligious dialogue; provide them with the necessary skills to become active facilitators and leaders in interreligious dialogue; and to train them in conflict transformation to be active peacemakers in their respective communities. Kenu Agarwal before leaving for KAICIID International Fellow Program 2019 first training in Vienna said I have been working for Religious and Cultural Harmony from last 10 years. I went through the rigorous selection process of KAICIID International Fellow Program 2019. Being selected for this I will get an opportunity

to understand interreligious and Intercultural working on international platform. Being trained with people coming from different parts of the world will move ahead towards interreligious harmony initiatives. Mrs. Agarwal said that she has been living in Chandni Chowk, the heart of Capital of India Delhi where people worship in Hindu & Jain Temples, Mosques, Churches, Gurudwaras and other religious places. Delhi has been the centre for major commercial activities ever since Delhi was established. People from different parts of

the world come to Delhi for the trade, education, cultural interactions, inter governmental activities and they perform their activities in a harmonious atmosphere. Interreligious and Intercultural Harmony is part of India's Capital Delhi. Governed by a Board of Directors comprising of leading religious leaders who include Bishop Miguel Ayuso (Vatican's Secretary for the Pontifical Council for Interreligious Dialogue), H.E Metropolitan Emmanuel (Exarch of the Ecumenical Patriarchate of Constantinople), Chief Rabbi

David Rosen (Former Chief Rabbi of Ireland & Director of Inter Religious Affairs for American Jewish Committee) and Reverend Mark Poulson (Secretary for Inter Religious Affairs to the Archbishop of Canterbury), the organization's activities and programs are spread across the world, noticeably in Africa, Europe, Middle-East, South-East Asia and at the United Nations.

Over a period of twelve months, the Fellows would participate in a series of in-person and online trainings, along with field visits and discussions on the theme of interreligious

dialogue, coexistence and pluralism. This integrated learning process is designed provide the Fellows with the necessary tools to facilitate and develop such training within their respective institutions" read the invitation letter from KAICI-ID. At the end of their training, the Fellows will have the opportunity to develop and implement small-scale local and international inter-religious dialogue projects. They would also be added to the KAICIID Alumni providing them further opportunities for networking, micro-grants and invitations to conferences.

Narayan Seva Institute launches 'Symposium Series 2019' in India

Udaipur: The Narayana Seva Sansthan, a charitable organization operating a charitable hospital for the people of Devyang, especially for congenital Divyang and poliologist, launched the 'Symposium Series 2019' in the country. Under this initiative, the institute organized the visit of orthopedic professional Dr. Nandan Shah of the United States. The seminar was presided over by Padmashri Kailash 'Manav' Agrawal, the founder and chairman of the Narayan Seva Sansthan.

Under this unique initiative, Narayana Seva has planned various collaborations in different countries. Under this, the Health Specialists of International Health Technology will give special information in the special sessions about how to overcome the scarcity of advanced technology and related costs. The intention of the institute is to bring a tremendous effect on the health services needed by the disadvantaged and the ill-equipped people.

Speaking on the occasion, President of Narayan Seva Sansthan Prashant Agarwal said that an advanced and better technological progress is that which should be accessible and affordable to all those people, regardless of geographical or economic limitations, which is needed. The Indian government is also working on its behalf to make health services universal according to the WHO guidelines, and this series as a symposium is also a small contribution in the view of this global cause. Under the seminar series, NSS will now aggressively invite many more medical professionals, technical professionals, teachers, researchers, trainees, volunteers and colleagues from around the world.

- From 2011 till now 8,750 specially trained people are trained in skill training.
- Mobile repair work was started by 2,875 persons after surgery.
- 2830 people were made efficient through computer and hardware training.
- Organizing fashion shows to showcase the skills of talented Divya people.
- Organizing Ramp Walk for various Divyang models treated in Narayana Seva Sansthan.

Aloe Vera and Coconut Oil: The wonder duo for your Hair

Udaipur: Wedding season is already here, and with it comes pressure of looking gorgeous in every function. Having soft and silky hair to style the way you want for a function is an absolute must in this time. For same, instead of adding more chemicals and treatments to the already troubled hair, what you need is two super ingredients that provide the much needed TLC (Tender love Care). We've all heard of multiple skin benefits from our refreshingly natural ingredient Aloe Vera but did you know that it has great power to vanquish all our new-age hair terrors? Combine it with the age-old and trusted coconut oil and voila! You've got a power couple that beats DeepVeer and Nickyanka any day. We can confidently say that Aloe Vera is the magical ingredient we've all been waiting for to get soft, easy to manage and style hair and it's here to save the day for us! Dr. Aparna Santhanam, Hair & Skin Expert says, "Aloe Vera has proteolytic enzymes which work by repairing damaged keratin of hair. Since its chemical makeup is similar to that of keratin, it rejuvenates the hair with its own nutrients, giving it more elasticity and preventing breakage. It is also an excellent conditioner that works compatibly with coconut based oils to nourish the hair shaft from within." Here are some fabulous benefits of Aloe Vera and Coconut Oil that will make this winter a breezy one for your hair:

1. Makes hair silky, soft: Besides the proteolytic enzymes, Aloe vera's high content of protein, vitamins, and minerals also nourish your hair follicles efficiently, improving the overall texture. And we all know how easy it is to style soft hair and create graceful curls or messy buns for the many party looks for the season

2. Conditions the hair, naturally: Using a Coconut oil enriched with Aloe Vera regularly helps revive the hair health and restore its softness and vitality. Alongside, it also keeps hair moisturized and naturally hydrated and helps maintain the pH balance of your hair. Aloe Vera's antifungal properties also ensures a healthy scalp, therefore helping you solve a number of problems that arise because of dry, itchy scalp

3. Boosts Hair Growth: The allure of walking into a room and doing a diva-esque hair flip is something that keeps us awake! Okay, not awake all night but of course, we would definitely want to make an impact. And there's definitely good news coming from the powerful concoction of Aloe Vera and Coconut oil. It helps accelerate hair growth and gives volume. Not only does it make them longer but also softer and stronger.

4. Repairs the hair locks from within: There is a reason why Coconut oil and Aloe Vera together are called the wonder duo! Both enriched with conditioning properties, Aloe Vera contains healing enzymes which repairs dead skin cells on the scalp. Aloe Vera and Coconut Oil together eliminate dullness from one's hair and revamp the appearance of hair making it soft and silky! We know it might sound like a lot of effort to mix coconut oil and aloe vera every time, therefore the best go-to solution is to pick up the all new Parachute Advanced Aloe Vera Enriched Coconut Hair Oil.

Bringing the goodness of nature's two most important hair ingredients in an easy to use format, Parachute Advanced Aloe Vera is now the Prince Charming for your own Rapunzel fairy-tale!

Two-day National Conference Gyanodya organized

Udaipur: A two-day National Conference Gyanodya organized jointly

by the Institute of Chartered Accountant of India's Committee on Accounting, Standard for Local Bodies, Banking, Insurance, and Financial Services and Udaipur chapter in the Opera Garden located at 100 feet Road

Director of State Bank of India, Dr. Girish Ahuja said that the nomination of property, bank's FD, etc., do not get proprietary rights. The nominee is only a trustee. He has to deliver the property to the real owner.

The conference's media in-charge CA Deepak Aran said that Dr. Ahuja also said that in the event of the will not be written by the person, he will be separated into the successors under the Hindu Conservation Act. When a person dies, he will share property in his mother, wife, and children equally.

Prior to this, former President of the institute Amarjeet Singh Chourpa, while highlighting the provisions of the Companies Act, apprised of the responsibility of the auditor in today's circumstances and alerted the fraudsters of various types.

Speaking as the main guest in an inaugural session organized in the beginning, Professor Mohanlal Sukhadya University Vice-Chancellor Prof. J.P. Sharma said that chartered accountants have been a major contributor to the progress of the country. Chartered Accountants are also playing a better role in increasing the GST of the country, income tax. Firstly, changes in the country are ahead in accepting chartered accountants.

Similarly, in the first session, Smt. Preeti Dung highlighted the agreement with the Australian CPA of the Indian Chartered Accountant and the Professional Opportunity. C.A. Sumit has detailed discussion on the complications surrounding the insolvency valuation issue.

Speaking as a guest on the occasion, Central Public Relations Officer, CA Prakash Sharma, who came from Jaipur said that it is a matter of pride

For us that Government from time-to-time accepted the suggestions given by ICAI. Now the competitiveness of the Chartered Accountant is done at the global level, not at the local or national level.

All will get equal opportunity for bank audit - CA Sharma said that chartered accountants who audit branch branches through software created by ICAI will get equal opportunity for one hundred percent allotment.

The CA student can now opt re-checking - previously the re-totalling was done for the revision of the CA student examination, but now they will be able to get an option of rechecking of copies, such arrangements are being made.

he concept of sample audit concludes - Sharma said that the concept of sample audit has now been abolished. One hundred percent audit will be done so that transparency is maintained.

Nirmal Jain, MD, of Acme Finance said that if the promoter of an organization in CA then it is unthinkable that the institution will not be disturbed. The conference director, C.A.Dr. Nirmal Kunawat said that this conference is very important for India, which is strong at the economic level.

Earlier, CA Pankaj Jain, chairman of ICAI's Udaipur Branch, welcomed the guests and made a presentation at the conference. Branch secretary CA Vishal Menaria thanked gratitude at the end of the inauguration session.

On day two Sanjay Zanwar, the Advocate of Jaipur warned that Anonymous property of wife and children is also owned by the government

If you are gathering dust in the eyes of the government and collecting property in the name of wife and children, then be cautious as it will not be yours to the government as soon as it comes to the government's eyes.

It was to say that Sanjay Zanwar, the Advocate of Jaipur. Speaking at the closing ceremony of the two-day National Conference held

Media in-charge Deepak told that Jawar explained the old and new rules on the Anonymous Act that in the country so far unlimited properties have been attached in Rajasthan. He also said that property taken in the name of wife and children will

also be covered under the bona fide property. If his source is not made available, then the government will be entitled to take such a situation.

Zanwar said that the data of benami property is being available to the government under Land Revenue, Income Tax Department and Company Act. Which will be used to expose such properties in the future. As well as leaving the benami property in the best conditions, 25 years of market rate can be charged as well as up to 7 years of jail. The session was chaired by CA Nirmal Singhvi.
