

Pamper yourself!

Sometimes we get so much engrossed with others that we forget who we are and what makes us happy. Things that make us happy are sidelined by others and out of respect to others, we too push our happiness under the carpet and start being happy in others' happiness. While this phenomenon is good for humanity, but we forget that even we are human-for that matter.

For example, you like to spend time with your garden in the mornings of weekends, but your friends like to go out to the gym, walk, or play. They force you so that their wish of enjoying their weekend mornings get done. And since your own wish is not that powerful, at least in the eyes of others, you will be forced to give up your gardening and spend that time to fulfil the wishes of others. Sounds familiar? Read on.

Editorial

While it is perfect to respect others and be the one who sacrifices and not the one who requests sacrifices, your good deed should not be hurting someone either—that's you. Now you know that you have a desire and an idea of life. You also know that the idea of yours is not only neglected by others, but it is also not respected. And if you look at it neutrally, you will find that you are the one who needs to change and not others.

Notice the way others follow their passion and idea of life. And then compare that with that of yours—you will know the difference. Now there are two ways to claim your life back—get rude and tell clearly that you cannot be with them, or slowly start shifting yourself. You will love the second idea for many reasons you already know. Simply start looking at your passion positively and start missing your friends for your me-time. If you really enjoy what you do in the garden or in your own time, build a positive story around it and then share with the friends. Take an example of gardening itself. Post some cool pictures of your plants and garden and feel proud to be the gardener of those small saplings and young trees.

Who knows, more people like your weekend morning idea and spend time with these lovely and lively kids of the garden. And leave others aside, if you love it and if it makes you happier, you will not only spread happiness inside and outside, you will also make the world a better place emotionally. Plenty of us pretend to be happy. Even though we do not enjoy expensive shopping or spending thousands in a club, we do. And most of the times it is societal pressure. This is the big time to remind yourself that you are not made for others or bound to make others happy. Remember, you cannot make others happy if you are unhappy inside. Love yourself and take care—in a real and practical sense.

DREAM PLANNING OF INDIA – 2020 : BOOSTING UP THE INDUSTRY, THE ECONOMY & THE TOURISM

Jaipur: Hugely popular with the name of JIFF; Jaipur International Film Festival with its 11 continuous and successful editions has made the capital city JAIPUR a hub of films. Few of the JIFF programs are such substantial that now those need to be done on a bigger scale. Jaipur

International Film Festival Trust is going to initiate JAIPUR FILM MARKET – JFM from next year.

JIFF and JFM Founder Hanu Roj asserted in the Press Conference that film market has been organised on a small scale with JIFF till now. From last 7 years, the biggest Co-

Production Meet is being organized as a part of JIFF market.

But now, the time has come where this part should be launched as the biggest program of the world in CANNES Film Market / European Film Market and American Film Market and it must compete

with these big-sized film markets. Keeping such a thought in mind, global launching of JAIPUR FILM MARKET – JFM for the entire film industry has taken place.

Submission, Delegate Registration and Services Bookings for JFM are open.

The advanced website of JAIPUR FILM MARKET [http://jaipurfilmmarket.org], which includes a variety of modern features, has also been launched.

On this significant event, JIFF Founder Hanu Roj, JFM Director Pragya Rathore, JIFF Spokesperson Rajendra Boda and JIFF organizing committee members Nand Kishore Jhalani, Dr. Ish Munjal and Ajay Kala added to the evening with their graceful presence.

JFM would boost the Film Industry and Film Tourism. In comparison of any other pro-

ject to accelerate Rajasthan Tourism, this program would evidently take the state of Rajasthan forward in the sector of Tourism.

JIFF organizing committee member Ajay Kala said that JAIPUR FILM MARKET would boost the tourism, cinema and economy of the state. JFM would be organized on a bigger scale on 18th to 20th January 2020, where more than 1,000 professionals would participate. Here, more than 500 production companies and more than 1,000 new projects would be discussed.

It's good to know that 500 films would be screened on this platform of JFM; where more than 50 meets / workshops would take place. More than 100 speakers and expertise across the world would have a dialogue with the film enthusiasts.

JIFF organizing committee member Dr. Ish Munjal opined that JAIPUR FILM MARKET is such a place for film makers, where they can easily meet buyers of the film. Here; they all would feel a home – like ambience to make new contacts. It would be a platform, where every genre of cinema, from regional to international, would be under one roof.

JIFF spokesperson Rajendra Boda opined that last 11 years have been such successful that JAIPUR FILM MARKET was required to be launched separately.

JAIPUR FILM MARKET is going to be started in the month of January, next year – 2020; where film makers across the world would submit their films, so that they can send their films to distributors, producers and exhibitors.

Xiaomi India announces 48MP camera for everyone with Redmi Note 7S

Xiaomi announced a refresh to the bestselling Redmi Note 7 lineup with the 48MP camera powered Redmi Note 7S. Besides capable Kryo™ processing thanks to the Qualcomm® Snapdragon™ 660 AIE, Redmi Note 7S brings a powerful 48MP camera for everyone after planned volumes of Redmi Note 7 sold out sooner than anticipated.

Speaking on the occasion, Anuj Sharma, Chief Marketing Officer, Xiaomi India, said, "Xiaomi India has achieved major success in the Indian smartphone industry, and one of the key contributing factors is our Redmi Note series which is known to offer the best of innovative features with great quality at truly honest pricing. Our newly launched Redmi Note 7S continues this strong legacy with a powerful 48MP camera, offering our Mi Fans the opportunity to capture and enjoy excellent images in addition to its array of amazing features."

India's favourite smartphone series, the Redmi Note series, saw a revamp earlier this year with the launch of the Redmi Note 7 series. With the all new Aura Design, Dot Notch display and Corning® Gorilla® Glass 5 on both sides -- Redmi Note 7 was a true market disruptor in its category. Testament to the love of Mi Fans for Redmi Note 7 series -- in just two months of going on sale, it sold over two million units.

Redmi Note 7S - 48MP for everyone

The 48MP camera on Redmi Note 7S features a large 1.6µm 4-in-1 Super Pixel, allowing a great amount of detail to

be captured. Redmi Note 7S users will also be able to take advantage of the much-lauded Steady Handheld Night Photography mode on the camera app, which uses sophisticated algorithms to achieve a perfect picture each time regardless of light conditions. Besides that, features like MIUI's AI scene detection, AI portrait besides AI face unlock will make the Redmi Note 7S a versatile camera phone.

With the same aforementioned attributes, Redmi Note 7S also features a 5MP depth sensor to go along with its 48MP main camera. Using this powerful combination of cameras and sophisticated software, Redmi Note 7S is able to achieve immensely detailed photos both in daylight and in the night, thus making it a user's delight.

Ajeenkya D Y Patil University (ADYPU) and Five Thai Vocational Colleges Sign MoUs

S.K. De

Pune: Ajeenkya D Y Patil University (ADYPU) signed MoUs with five Thai vocational colleges including Charansanitwong Technological College, Pongsawadi Technological College, Tharn Technological College, Ayutthaya Technological Commercial College and Chonburi Technological College.

Through this collaboration, ADYPU will facilitate advanced education to the Thailand students in areas such as Artificial Intelligence, Machine Learning, Internet of Things, Augmented & Virtual Reality and others. The collaboration will aid in the student mobility. As students from Thai institutions will come to India for advanced learning, Indian students will visit Thailand to experience different culture and learnings. The Collaboration will endeavor to benefit over fifty Thai & ADYPU students annually to understand new Cultures & perspectives and transform them into confident industry professionals.

In this Age of Industry 4.0 Revolution, ADYPU is spearheading its own unique Education 4.0 model and is imparting knowledge across diverse interdisciplinary new-age areas spanning Technology, Design, Management and Film & Media.

The MoU was signed in the presence of Hridayesh Deshpande, Director Ajeenkya DY Patil University, Dr. Wanda Tansapraphat-Director Chonburi Technological College, Sujitra Tanpraphat-Head of Bilingual program at CTC, Suphawattananonthreeyah Bancheun Head of Foreign Languages Charansanitwong Technological College, Dr. Sirima Pornnimit President Charansanitwong Technological College, Ms. Supatta Samleepant Vice Director Human Resource Pongsawadi Technological College (PSC), Mr. Napath Samleepant, Professor Pongsawadi Technological College (PSC), Dr. Pattra Visavatho Advisor of Tharn Technological College, Mr. Passanon Traisombud Deputy director in information technology Tharn Technological College, Mr. Sorawat Sirisena, Manager Ayutthaya Technological Commercial College (ATCC), Ms. Khanitha Srichainat, Head of Budgeting management Ayutthaya Technological Commercial College (ATCC) and Ms. Apisara Phongchompran, International coordinator Chonburi Technological College (CTC) amongst others.

Speaking about the collaboration is Dr. Ajeenkya DY Patil—President-ADYPU, "As an Innovation University, we are always keenly observing the changes around us and responding to these changes with new ways of thinking. Degree education is not only about doing but also thinking. Therefore we feel we should address new age challenges with Wisdom more than knowledge. He further said that the complexity of the today's world is that the problems are not linear and the solutions may lie outside the ambit of the disciplines. We have to reframe these challenges and instead of addressing the symptoms and go to the root cause of any problem and solve it. He added that the MoUs will give us an opportunity to learn from each other and benefit institutions on both sides. The Thai delegation expressed their happiness and excitement about the MoUs citing the example of wonderful experience that a group of Thai students had recently on a summer internship program at ADYPU.

A New spiritual awakening "Shrimad Bhagwat Mahapuran" aired on Colors channel

Producer Nikhil Dwivedi's new religious serial "Shrimad Bhagwat Mahapuran" has commenced its telecast from June 2, 2019 on Colors channel and thereafter every Sunday at 11:00 a.m. It is directed by Kamal Moonga. The story, screenplay and dialogue are penned by Vikas Kapoor, who holds a record number of having written more than 5,000 hours of religious series. He is also a recipient of Presidential Award for "Shirdi Ke Saibaba". Shri Kapoor is known for various religious serials like "Om Namah Shivay", "Shree Ganesh", "Shobha Somnath Ki", "Jai Santoshi Maa", "Jap Tap Vrat", "Mann Mein Hain Vishwas", "Sai Bhaktan Ki Sachchi Kahaniyaan" and many others. Thus, he is called 'Maha Guru' and 'the God's own writer'.

Speaking about his new initiative "Shrimad Bhagwat Mahapuran", Vikas Kapoor says, "From my very early days, I have been reading various religious books like Granths, Geeta, Ved, Quran, Bible and many others. Thus this has helped me in highlighting various aspects of mythology. During my stay in Kanpur, my articles on mythology used to be published in various newspapers. During the silver jubilee celebration of the famed 'Pandit Deendayal Vidyalaya' in Kanpur, I got an opportunity to write and direct for a Hindi play titled as 'Yug Purush'. Here Nitesh Bharadwaj had honoured his presence as a 'renowned guest'. Those days he was making a serial, 'Gita Rahasya' for Doordarshan. He requested me to come to Mumbai and thus slowly I kept on meeting people and thereafter finally managed to reach here." Highlighting about this serial "Shrimad Bhagwat Mahapuran", writer Vikas Kapoor further adds, "In this the main protagonist will be played by 'Radha' who will pitch in various queries including those that prevail in the minds of the people and the same will be answered by 'Shree Krishna'. I have done intensive research and have included finer details. It will shed light on many such issues that even Google Baba will not have those answers." He further declares, "This serial has so many answers to various issues which have not been shown till this date. Like, where is the trident (trishul) which beheaded Parvati's son Ganesh by Shankarji? Whose 11-heads has been adorning as the necklace on Shankarji's neck? Why did not Radha and Krishna marry? Why did Shri Ram disown Seeta? And many more.... form the major and unique aspects of this serial. Thanks to my producer Nikhil Dwivedi and Pradeep Kumar Dhoot ji who gave their adequate support in making the impossible, possible with facts and figures." On quizzing about his book "Kundalini Jagran", Shri Kapoor shares, "This book has been appreciated a lot. 'Kundalini Jagran' is about seven primary chakras in human body. It involves meditation, energy and yoga and incidentally, the yoga has been written by yoga master Patanjali.
