ECI Flagship IT Program - Electronically Transmitted Postal Ballot System (ETPBS) – a success story

E-postal ballot recorded 60.14% turnout in 2019

Among the many milestones recorded by Election Commission of India during the recently concluded Lok Sabha Election 2019, Electronically Transmitted Postal

Ballot System (ETPBS) is one of its kind. Compared to 13,27,627 number of registered Service Electors of last General Election in 2014, a record highest number of 18,02,646 were enrolled as Service Electors in 2019 in the world's largest democratic election process. For the first time enabled through the dedicated portal <https://www.servicevoter.eci.nic.in> online registration, the service voters were

sent postal ballots electronically one way to save processing time, resources and avoid human errors. Persons working in Central Forces under Arms Act and Government officials deployed in Embassies outside the country are classified as Service Voters and are provisioned for online enrolment. Out of the total number of Service Electors in 2019 General Elections, 10,16,245 were from Ministry of Defence; 7,82,595 from Ministry of Home

Affairs (Central Armed Police Forces); 3539 of Ministry of External Affairs and State Police 267. In the seven phases spanning GE 2019, a total of 18,02,646 postal ballots were dispatched electronically using the flagship IT programme – ETPBS of Election Commission of India. In return 10,84,266 e-postal ballots were received indicating 60.14% turnout. ETPBS is a fully secured system, having two security layers. Secrecy of voting is

maintained through the use of OTP and PIN and no duplication of casted ETPB is possible due to the unique QR Code in the portal <https://www.etpbs.in>. Through this system the service voters cast their vote on an electronically received postal ballot, from anywhere outside their constituency, thus reducing the chances of losing the voting opportunity. The purpose of the online system was to create convenient and easy-to-use online system for Defense

Personnel to become Service Voters. Service Voter turnout in 2014 was only 4%. With the motto of "no

voter to be left behind", Election Commission of India's ETPBS has empowered and ensured all eligible

service electors with their constitutional power to vote while performing their duty for the nation.

"Udaipur gets its Responder Mobike Ambulance for Quick Emergency Response"

Udaipur: 22nd July, To provide timely medical attention to accident as well as all kinds of emergency patients, Geetanjali Medical College & Hospital, Udaipur has launched its First Responder Mobike Ambulance today. The Mobike Ambulance was inaugurated & flagged off by Shri Vikas Sitaramji Bhale, IAS, Division Commissioner, Udaipur as chief guest and accompanied by Mr. Kapil Agarwal, Vice Chairman Geetanjali Group & Mr. Ankit Agarwal Executive Director Geetanjali Group. The launching ceremony also witnessed the presence of Dr. F S Mehta Dean Geetanjali Medical College, Dr. Narendra Mogra Medical Superintendent, Mr. Prateem Tamboli and all staff members of Geetanjali Hospital.

On this auspicious occasion, Mr. Kapil Agarwal presented a memento whereas a Bouquet of flowers was presented by Mr. Ankit Agarwal to the chief guest, Shri Vikas Sitaramji Bhale, IAS.

Shri Vikas Sitaramji Bhale, IAS praised the unique concept brought into existence by Geetanjali Hospital. He also congratulated the whole team of Geetanjali Hospital and said that, "Due to traffic congestion at times, the ambulance gets stuck in traffic jam, to overcome such hurdle this innovative concept has been launched in the name "First Responder Mobike Ambulance" which could reach anywhere in medical emergency in stipulated time. This may also help save many lives by providing initial medical treatment. Geetanjali Hospital is always dedicated for the welfare of the society which always helps to do better in healthcare industry. They are also determined to provide the best medical treatment to patients of Udaipur & nearby states."

Dr. F S Mehta said that, "Medical attention is really important in the first few minutes of any emergency. This bike ambulance can be reached on an emergency number and will provide timely medical intervention to the victims. The hospital job is not only treatment but also prevention. The burden of road accidents victims as well as emergency situations across the city is rising especially during night and early morning hours. To meet the requirement of medical assistance in congested areas, also to tackle the congested roads during peak hours and to ensure that people in need make it on time to hospitals, because emergency comes unannounced. There was this urgent need to deploy First Responder Mobike Ambulance to compliment and supplement the existing ambulance. The bike so launched shall provide faster medical help through narrow by-lanes & traffic congestion. These new services will guarantee the highest levels of skill, expertise and infrastructure. This mobike ambulance is available on no extra cost for any emergency. This ambulance will also be accompanied by a 4-wheeler ambulance in coordination."

In addition to this, Interventional Cardiologist Dr. Ramesh Patel has presented the salient features of this mobike ambulance. He said, "This bike is equipped with Defibrillators, Oxygen Cylinder, First Aid Kit, GPS & Communication Device and two well trained para-medical staff for any emergency and trauma care facilities for immediate medical attention & backed by an advanced life support ambulance which will reach in the shortest possible time. Provision of timely, effective and quality emergency care is vital to minimize fatalities. The para-medical staff will be given a special training on ACLS & BLS. The paramedic will administer the desired first-aid followed by a full equipped ambulance with doctor."

India's Leela Palace Udaipur Named Top Hotel in the World by Travel + Leisure

Udaipur: The glamorous Leela Palace Udaipur was chosen by Travel + Leisure readers as the top hotel in the world, thanks to old-world charm and traditional Indian hospitality.

The five-star hotel offers a glimpse into the grandeur of Udaipur's regal heritage, with stately architecture, 72 lavish guestrooms, and traditional Rajasthani artwork. The Leela Palace Udaipur also boasts a breathtaking view of the majestic Lake Pichola, with the Aravalli mountain range in the dis-

tance. Readers also cited the hotel's "excellent" facilities, which include a spa where guests can unwind with Ayurveda-inspired treatments, a rooftop restaurant, and an outdoor pool.

Coming in second, the Lodge & Spa at Brush Creek Ranch is situated in Saratoga, Wyoming, on 30,000 acres of pristine landscape. The runner-up was recognized for its highly refined luxury dude ranch experience that places a strong focus on environmental sustainability.

Here's the ranking of the top 10 hotels in the world, by readers of Travel + Leisure:

1. The Leela Palace Udaipur, India
2. The Lodge & Spa at Brush Creek Ranch, Saratoga, Wyoming
3. Singita Sabi Sand, Sabi Sands Game Reserve, South Africa
4. The Farm at Cape Kidnappers, Hawke's Bay, New Zealand
5. Gibb's Farm, Karatu, Tanzania
6. JW Marriott Phu Quoc Emerald Bay Resort & Spa, Vietnam
7. The Mulia, Bali, Indonesia
