#### **Children's Day Article 2019**

"Let us sacrifice our today so that our children can have a better tomorrow."

These words of our former President Dr. A. P. J. Abdul Kalam wonderfully highlight the importance and dire need of parents, school educators, elders, leaders and the society focusing on the welfare of children. Our little wonders, our kids are truly capable of mighty things in life, if they are provided with the right opportunities and proper environment to grow. Today everyone seems to be juggling between fast paced family life and financial securities with ittle quality time for children. It is high time for parents to be aware of their priorities in lives. A child needs attention and wants to feel loved by parents. Spending quality time with children' is vital as it helps them in building security & self-esteem. Let

this quality time not be replaced by mobile phones, TV or computer. Even simple things like doing activities together or reading stories to them can boost the confidence among children and make them feel that they are loved, valued and cared for. Developmental psychology tells us that the brain development is at its highest peak during childhood where children learn rapidly during these early years. They are like sponges just ready to absorb things. Parents' quality time and interaction at home and teachers' personalised attention during the formative years at school are therefore, critical factors in shaping and moulding their futures.

Children's Day is celebrated as a tribute to our first Prime Minister Pandit Jawaharlal Nehru for his love and care he showed towards children. Even though he was very senior in stature, he was fond of children and became popular as Chacha Nehru among them. He desired that every child grows into a responsible citizen through proper education and suitable environment. He wanted children to prosper in life and fulfill their dreams. As we remember Pandit Jawaharlal Nehru on this day of great significance, let us together turn our attention to the rights, care and education of children in (BJP) who won from Ward #61 our country. Let us make the required sacrifices today so that our children will have a better tomorrow. Let us not ruin with a margin of 1027 votes, is their future by depriving them of their right to happy childhood. All that they need is: 🗆 HEALTY & SAFE ENVIRONMENT, 🗆 LOVE AND CARE 🗆 EMPOWERMENT THROUGH EDUCATION 🗆 HEALTHCARE 🗆 PROVISION OF OPPORTU-NITIES FOR HOLISTIC DEVELOPMENT 🗆 A LISTENING EAR 🗆 QUALITY TIME 🗆 SAFE & JOYFUL FUTURE 🛭 Paras Singhvi, who won Ward GREEN, CLEAN & POLLUTION FREE ENVIRONMENT.
