

## “Introducing Cultural Inputs in Curriculum Teaching”

Centre for Cultural Resources and Training, Regional Centre, Udaipur organized a Short-term online Workshop on "Introducing Cultural Inputs in Curriculum Teaching" from 7 to September 11, 2020. Teachers from various Government Schools of Maharashtra, Uttarakhand, Uttar Pradesh, and West Bengal took an active part in interacting with Expert faculties.

The inaugural session was a treat to watch the glimpses of Indian Classical dances like Kuchipudi, Mohiniattam, Bharatnatyam, and Kathakali. Noted Dance Guru Vidushi Radha Bhaskar Menon of Mudra School of Classical Dances, Ahmedabad explained essential elements

of Dance styles through a live demonstration. She also replied to various queries of teachers. She was accompanied by her Husband Guru Bhaskar Menon, son of Guru Ananth Menon, Daughter in law Smt. Aparna Kiran Menon, Granddaughter Kum. Vaishnavi Menon & disciple Kum. Madhura Halde. The participating teachers had a high appreciation for the stunning performance of the group. Especially 'Navrasas' by Guru Shri Bhaskar Menon stole the show.

Vidushi Guru Radha Ji concluded the session with a famous composition by Narsinh Mehta, "Vaishnava Jan too," which was Gandhiji's favorite Bhajan.

Prof. Seema Malik, Dean, University College of Social

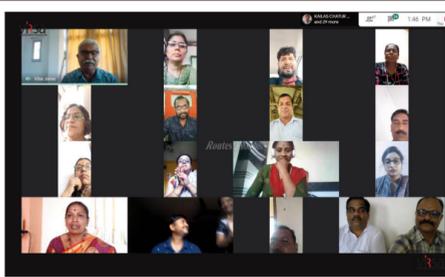

Sciences and Humanities, MLS University shared her in-depth knowledge and rich experience on the topic 'Linking Culture with Education'. During an online session, she discussed various aspects of Culture, values, beliefs, diversity, plurality (multilingual), and social justice, emphasizing teachers' responsibilities in the present time. She explained the New Educational Policy's significance and appealed teachers to contribute their best with the resources available to them.

Dr. Laique Hussain, a senior Theatre Director from Rajasthan, delivered an interactive talk on 'Traditional and Contemporary Indian Theatre.' While displaying various photos on the screen, he also answered questions.

Dr. Shrikrishna Jugnu, a noted Indologist, scholar, author, editor, and translator of ancient literature, spoke on "Indian architecture and sculpture." He explained architecture in three parts Manushayalay/Jalalay and Devalay i.e., home for human beings, water, and Gods. Narrating Sanskrit Shlokas, he explained the ancient wisdom of India with numerous illustrations.

Dr. Laxmi Lal Vairagi took an interactive session on "Rajbhasha Neeti Aur Uski Samvaidhanik Sthiti," covering various Hindi issues. This session was very significant, keeping in view "Hindi Divas" falling on September 14.

During the concluding session, Prof. Jeevan Singh Kharakwal, noted

Archaeologist, Scholar and Author shared his views on "Role of Archaeology in the conservation of Historic Monuments." His in-depth knowledge of the subject covered various aspects of cultural heritage. His rich collection of photos and illustrations engrossed participants. Prof. Kharakwal is also attached to

many organizations like INTACH, engaged in motivating children in various tangible and intangible aspects of Indian Culture.

The concluding ceremony was graced by the august presence of Dr. Hemlata S. Mohan, Chairperson of CCRT. The valedictory address, she praised all the

expert resource persons' efforts for sharing their immense knowledge and vast experience with the participating teachers.

She appealed them to extend this wisdom to their students imbibing elements of Culture. While praising the new Educational Policy, she urged teachers to club Head, Heart, and Hand to make education more holistic and enjoyable. Shri Rishi Kumar Vashist, Director, CCRT, described the significance of online Workshops and ensured more innovative activities with cultural inputs. He appreciated the work of Shri Amit Chauhan and his team of Routes2Roots E-Portal institution.

Teachers were very interested and made appropriate comments during sessions.

As a gesture of gratitude, Ms. Surekha Kumbhar, a teacher from Maharashtra, created instant poems in honor of faculties.

The best thing about this Short Term workshop is that besides participating Teachers, many scholars and art enthusiasts get access to their session on YouTube.

Education is a continuing process, and there is no age limit for learning. It was my privilege to attend sessions of knowledgeable persons, along with the participating Teachers. Such Workshops of CCRT would go a long way in helping Teachers making Classroom Teaching more effective by using cultural components and promoting Indian Culture. — Vilas Janve

## Essay Writing Competition on Mahatma Gandhi

## Message of saving water to Doctors and Dairy students

Webinars Conducted, Doctors of Udaipur Tops in Rainwater Harvesting

Udaipur: Under his save water campaign for the last twenty years last week, two such webinars were conducted on Save Rainwater i.e. Rain, water harvesting. The first webinar was conducted with the students of the college of Dairy and Food technology on 7. september 20. In this, Dr. P.C. Jain told the students that water quality affects both dairy and food products, causing disease and disabilities in both humans and animals. The simplest way to improve water quality and quantity is rainwater harvesting, thereby recharging the existing water sources, the tube well, hand pumps, well, etc., or the earth indirectly on or surfaces in Talab, or tanks in the buildings.

The students actively participated in this webinar. One group of students prepared a video on Jal Geet BHUJAL ME PANI DALO RE BHAIIYA, and another group created a play named AIK LOTA PANI, which were shown in the webinar.

Dean Dr. V.D. Mudgal welcomed Dr. P.C. Jain and Dr. Nikita wadhawan Bordia thanked the Students. Anusha Upadhya, Pradeep Dhaka, and Bharat Palwal were active participants.

In the second webinar, that held on 8th September 20, conducted by Medical Practitioners Society, Udaipur. Dr. P.C. Jain congratulated the doctors that the Udaipur doctors are highest in numbers for installing the ROOFTOP RAINWATER HARVESTING in their Hospitals and residences. THIS DEWAS WATER FILTER TECHNIQUE IS THE FASTEST, CHEAPEST, EASIEST FOR ROOFTOP RAINWATER HARVESTING. It is approved by the Central Groundwater Board and also installed when Dr. A.A. Saife was Principal in R.N.T. Medical College, Udaipur.

4000 Children Blinded

Increasing Floride can damage the eye's retina may lead to permanent blindness, which had happened in Pawagada near Bengaluru in Karnataka when 27000 children were examined. This could be prevented by simply doing rainwater harvesting. The quality of underground water changes, and Floride comes under the permissible limits. Other chemicals like nitrates, Mercury, Arsenic, Lead, Chemical Fertilizer S, Pesticides also lead to multiple diseases that are difficult to treat.

**Low TDS Water** - He cautioned the audiences about the low TDS water of the R.O. system, which is very aggressive and may lead to many diseases including Diabetes, Cancer, Vitamin D deficiencies also. So the ideal TDS is around 350mg/Litre. As per WHO advises, the R.O. system should be installed when the TDS of water is more than 900 mg/Litre. They were also shown the short Play AIK LOTAPANI. Dr. Gaurav Wadhawan, well come Dr. P.C. Jain & thanked given by Dr. Kartikaya Kothari. President Dr. A.P. Gupta thanked the organizer of the webinar. Dr. Anil Kothari, Dr. Anand Gupta, secretary IMA, Dr. Ashutosh Pandya, Dr. Bankul Gupta, Dr. Sonia Gupta, Dr. Arun Samar, Dr. Raj Kumari Samar, and Dr. Mukesh Devpura were among who attended the webinar.

## Lakshya Classes for free competitive exams on YouTube and Facebook

Udaipur: Lakshya classes started classes on competitive YouTube and Facebook from September 15. This facility is being provided free of cost for the competition organized during the corona epidemic. These classes will run for 11 hours. State-of-the-art

studio closures were built for this. This information was given by Anand Agarwal, founder of Lakshya Classes.

He told that in this establishment started with two rooms and five students, more than 2.50 lakh youths of South Rajasthan had been trained for various competitive exams so far in just a short span. Agarwal informed that so far, more than 25,000 have been selected and rendering their services.

He said that 5 RAS selected persons are providing their services in addition to skilled teachers to train the students. Agarwal said that by the beginning of next month, an app being launched to prepare various tests would work on Android and iOS. Besides, courses will also be made available for students in Pen Drive.

## Virtual Hindi Day celebrated in Neerja Modi School

Udaipur: Virtual Hindi Day was celebrated with great enthusiasm at Neerja Modi School. On September 14, 1949, the Constituent Assembly decided that Hindi would be the official language of India. Since the year 1953, this day is celebrated as Hindi-Day all over India at the request of Rashtrabhasha Prachar Samiti, Wardha, to propose the importance of this important decision and to spread Hindi in every region.

On this occasion, children have spoken beautiful poems, stories, and slogans in Hindi. Essay writing and debate competitions were also organized. Smt Renu Chaudhry conducted the program. And proposed thanks by Smt. Pashmina Jain.

Wishing Hindi Day to all the children, the school director Sakshi Sojatia said that Hindi is spoken not only in our country but also in 50 other countries. There are a total of more than 80 crore people speaking Hindi around the world. Principal George A. Thomas encouraged the students always to respect the official language Hindi and said that we have to maintain the spelling and pride of Hindi writing.

## Transplantation of the hip

Udaipur: The young man's hip bone, an ax, was replaced at GBH General Hospital in Bedwas. It was worsened by a disease called AVN hip, usually caused by injury or excessive use of steroids or alcohol.

Dr. Suryakant Purohit had taken a young man for hip replacement. The young man could not even walk properly. On conducting MRI and other investigations, found that both the young man's axes have been damaged, the only option being to replace one. Group director Dr. Anand Jha said that in medical language, it is called AVN. Dr. Suryakant Purohit performed unsaturated hip replacement using cutting-edge techniques for ax implants.

Interestingly, one foot of the young man was reduced to four centimeters and was also equalized with the operation. After discharge, the young man went home walking. In this operation, Dr. Saurabh Aggarwal, Dr. Aman, and Dr. Piyush Garg's team from the Department of anesthesia were supported by Dr. Suryakant.

## Inauguration of Rotary Meera School and Sewing Center

Udaipur: Rotary Meera school and Sewing Training Center was launched in Tula village of Kathar on Friday on behalf of Rotary Club Udaipur Meera as literacy and self-reliant campaign. President Vijayalakshmi Galundia said that under Rotary India Literacy Mission, Rotary Meera Pathshala was launched in which the women of the village would be taught to read and write. Besides, computers, dance training will also be imparted to the girls of the village. Sewing training will be imparted free of cost to women at Rotary Sewing Center to become self-sufficient by learning sewing and getting employment. Stitching will be done at concessional rates for the women of the village. Project Chairperson Meenu Sharma said that the Rotary Meera School and Sewing Center was inaugurated by Village Tula Sarpanch Hemri Bai, Upsarpanch Kamla Devi, Rotary

Meera Club trainer Madhu Sarin, Pankaj Sharma, Rajkumari Gandhi, Monika Singhwadia, Sangeeta Mundra, and Neeta Parihar. Simultaneously, Madhus Sarin was inaugurated by writing Om. Former sarpanch Motilal Suthar was also present in the program. Vijayalakshmi Galundia received the welcome, and Secretary Sangeeta Mundra gave the vote of thanks.
