Udaipur airport being decorated with marvelous artifacts

Udaipur: Unique artifacts are being installed at the Maharana Pratap Airport in Dabok as part of the 75th anniversary of independence and the Amrit Mahotsav of Independence. On Wednesday, I installed artwork on women empowerment in the same series.

Group Established as a part of airport beautification, and this artwork has been prepared by Jaipur-based craftsman Hansraj Chitrabhooni in collaboration with Kalita Bhandari, Dilip Talesara, and Rajeev Khmesra of Marble Association Udaipur.

Craftsman Hansraj said that it is a mixed media art, and it has been installed permanently with the title '1947 First Stand Liberated'. In this work, women's empowerment is depicted with the independence of the country. Dr. Nirmal Yadav, a painter from Inspire Art Gallery Udaipur, curated the event.

It is worth mentioning that many talented artists of Udaipur city are presently at the airport like Shahid Parvez, Hemi Dwivedi, Kumudni Soni, Yamini Sharma, Dimple Chandat, Deepika Mali, Apala Raju (Chittor), Nirupam Tank (Gujarat), Anupama Patil (Pune), Dhriti Mahajan (Pune), Rajinir Babuta (Jaipur), and Taslim Jamal of Banswara have been displayed.

Time has come to miss the party that made members on missed call - Jhala

Udaipur: A detailed discussion was held with the nominees of Saira Panchayat of Gogunda Vidhan Sabha of Udaipur countryside regarding the role and responsibility of the main nominators in the digital membership campaign by the All India Congress Committee.

Dr. Sanjeev Rajpurohit, Coordinator of Rajasthan Pradesh Congress Social Media Department, informed that about the role and responsibility of the main nominators in the digital membership campaign started by the All India Congress Committee, a detailed discussion with the nominees of Saira Panchayat of Gogunda Vidhan Sabha of Udaipur countryside. In the meeting, the outgoing President of the Countryside District Congress, Lal Singh Jhala, said that you and I need to understand the membership drive digitized by the Congress party today. The time to come is the time of social media, and in such a situation, the Congress party aims to prepare Congress social media workers at every booth in the village, Dhani-Dhani. In this sequence, a digital membership campaign has been started. We have to make Congress members by joining the digital membership campaign, and now the time has come that the BJP, which made its party members through missed calls, should be missed from this country. That is why today, the top leadership of the Congress party gave the right to the booth worker to carry forward the membership drive of the Congress party.

In the program, State Congress General Secretary, Former Minister Dr. Mangi Lal Garasiya said that a well-educated young fellow who has mobile information at the booth would be made booth enroller so that he can add members through Android mobile. He said that maximum members should be made under the guidance of the senior workers who are at the booth. Formalities should not be done; the one who actually has the Congress ideology should be made a member. Today's era has become digital, and we have to keep up with the times, which is the campaign of membership, due to which the party will be very strong in the coming times, for which the Bharatiya Janata Party is doing the work of spreading lies in the country, for that the strong workers at our booth are working for the people. Go in the middle and tell them the truth.

State Congress Social Media Coordinator Dr. Sanjeev Rajpurohit said that the Modi government of the country today rests on lies and rhetoric. On the one hand, he says that Congress has not done anything in 60 years and, on the other hand, celebrates Amrit Mahotsav of Azadi. Today the social media workers will have to answer the lies of the Bharatiya Janata Party. The people of the country have understood the lies of the BJP today. I just need them to give a befitting reply on social media. The Congress party started the digital membership campaign; its purpose is that the army of Congress social media workers can be prepared in the country. The social media worker can keep the word of Congress firmly at every booth. In the coming times, the Congress social media worker will be ready at every booth and vigorously promote the policies and policies of the state's transparent and sensitive Congress government and expose the lies of the Modi government at the Center again in front of the public. The role of social media activists is significant in the digital membership campaign, and they have to participate in making the digital membership campaign successful.

Movement in the tribal area Kotra became easy

Udaipur: the mission of District Collector Tarachand Meena, is proving to be a boon for the tribal-dominated area of Kotra district. As part of the activities being carried out under the mission, District Collector Tarachand Meena on Thursday flagged off a roadways bus from Udaipur headquarters for the convenience of the residents of Kotra. With this, better transportation facilities will be available to the residents of Kotra.

Roadways General Manager Mahesh Upadhyay said that in view of the constant demand of the residents, during the meeting organized by the Divisional Commissioner and the continuous visit of the District Collector, Collector Meena had given instructions to operate two roadways buses in the area. According to these instructions, a bus was started on Thursday which will go to Mamer via Kotra at 12.30 PM, and the next day the same bus will leave from Kotra at 8 AM. He said that in the same series, another bus would start from Falasia on Friday, which will reach Kotra at the scheduled time and will return to Udaipur via Devla at 3 o'clock in the day. He said that till now, one bus was going through Devla and two buses via Falasia.

The Collector himself rides: District Collector Meena himself reached the roadways bus stand morning to give the gift of the bus to the residents of Kotra, and he flagged off the bus. During this, the Collector fed sweets with his hands to the bus conductor and other passengers. With this, Collector Meena himself, Zilla Parishad CEO Mayank Manish, Roadways General Manager Mahesh Upadhyay boarded the bus and bid farewell outside the bus stand.

The golden sun has risen for the residents of Kotra: On Thursday, the sun of gold had risen for the residents of Kotra. After a long time, his problem of transportation was getting resolved. Today, as soon as people got information about the start of the bus, people eagerly waited for it, and as soon as the bus reached Devla, people warmly welcomed the bus. During this, a large number of villagers, including Development Officer Dhanpat Singh, were present here. Similarly, on reaching Kotra, the villagers, along with Tehsildar Bhagwan Lal, welcomed the bus and appreciated the efforts of Collector Meena.

Narayan Seva will help 40 children to go

to school

New Age Integrated Programme organized at Witty International School

Udaipur: 'Education par excellence', the mantra that Witty faculty live and breathe. Taking a step ahead and to make Wittians future-ready, Witty International School, Udaipur has launched

a New Age Integrated Programme which will not only impart school education but also give your child necessary support and training to gain hands-on experience, developing social, creative, and entrepreneurial skills and be an all rounder in various fields.

A seminar based on empowering parents was organized in the Witty campus on 19th February, 2022, by Mr Kapil Gupta, a renowned trainer and parent counsellor with 20 years of rich experience in integrated curriculum, wherein we saw many enthusiastic parents and children find solutions to all career related queries. This one stop destination in the form of Witty will give wings to the shining stars and make them face the world with confidence. The seminar ended with an exhilarated and positive feedback by the parents.

"Western Ghats, Hotspot of biodiversity, enhancing natural beauty"

Hotspot of biodiversity, enhancing natural beauty, hillocks kissing the Zenith, historical monuments, marvellous edifices, various. World known National Parks and lives of nomads introduce us to the most alluring, mountain range in the Western Ghats of India. The range starts near the Songadh town of Gujarat, South of the Tapi river and runs approximately 16,000 km. through the state of Maharashtra, Goa, Karnataka, Kerala and Tamilnadu ending at Marunthuvazh Malai, Swamithope near the Southern tip of India in Tamilnadu. These hills cover 160,000 Sq.Km. and from the catchment area for complex riverine drainage system that drain almost 40% of India.

The western ghats are the mountainous faulted and croded edge of the Deccan Plateau. Many peaks are in western Ghats which rise above 2,000 mt. with Annamudi 2,695 mt. Being the highest peak. The range from one of the four main Watersheds of India, feeding the perennial rivers of India. The overflowing and pious rivers, originating in the ghats are the Godavari, Kaveri, Krishna, Thamiraparani and Tunga Bhadra river, draining out into the Bay Of Bengal. There are several man-made lakes and reservoirs which major lakes at Ooty (84 acres) in Nilgiris, Kodaikanal (64 acres) and Berijam in Palni Hills, Pookode Lake, Karlad Lake, in Wayanad, Vagamon lake, Devikulam and Letchmi in Tdukki, Kerala. There are about 50 major dams along the length of the Western Ghats fulfilling the hydroelectric and irrigation needs of the states. The fast falling Waterfalls Dudhsagar, Unchalli, Sathodi, Jog fall, Kunchikal fall, create such a romantic ambience in the Ghats that adores the tourists hearts.

These ranges are enriched with the various species of flora n fauna. The dominant forest type here is Tropical rain forest. Montane forests and Tropical moist forests are also found here. Out of the 7,402 species of flowering plants occurring in the Western Ghats, 5,588 species are native or indigenous and 376 are exotics naturalized. Teak, dipterocarps, Callenia trees are the previous. The range is also the home of thousands of animals and birds species including at least 325 globally threatened species. There are at least 139 mammals, 80 % amphibian, 288 freshwater fish, 508 Bird and 6,000 insect species. There are important wildlife corridors and form on important part of project Elephant and project Tiger reserves. The Western Ghats ecoregion has the largest Indian tiger and elephant population occupying more than 21,435 Sq.km. area of forest. More over several endemic reptile genera occur here. The region has a significant population of the vulnerable mugger, crocodile. Besides all these the Ghats also keep echoing within the chirping sounds of birds, including the endangered species rufous-breasted thrush, Nilgiri wood-pigeon, white-bellied shortwing and broad-tailed grassbird.

Hosting a huge number of tourists every year, hill stations like Ooty, Mahabaleshwar, Lohandwala, Khandal, Munnar, Pommudi, Coonoor and Ythir and all situated in the Western Ghats. The Ghats feature 39 designed component areas, which are classified as tiger reserve, wildlife, sanctuaries, National parks and reserved forests. Out of these 20 are in Kerala, 10 in Karnataka, 5 are in Tamilnadu and 4 are in Maharashtra.
