## The Woman Tribal Draupadi Murmu Gives Heights to Presidential Race

Draupadi Murmu has been declared by the Bharatiya Janata Party as its presidential candidate for the fifteenth presidential election 2022, which shows good political skills and maturity. She is a tribal representative who will be the first tribal to reach the highest constitutional post and the second woman President of the Republic of India, which will give new strength to the democracy of India, along with the world. India is also changing rapidly. A new political vision, a new political environment is taking shape in the all-pervading turmoil, in this era, with Draupadi Murmu becoming the President, not only the dignity of this highest constitutional post will get a new record, but the national existence and identity will also be strengthened. Because her image has been that of a knowledgeable and soft-spoken politician of settled democratic traditions.

It is hoped that her presence as the constitutional head of the country will reassure every Indian, especially women, tribal for their peaceful and safe life. Only the tribal can feel the pain of the tribal - that is, the pain of the reality that has been experienced. It is no surprise, in my view, that Draupadi Murmu emerged as the greatest female representative to raise the voice of the tribal's and the oppressed in today's world. Former Prime

Minister Atal Bihari Vajpayee had sent a Muslim APJ Abdul Kalam to Rashtrapati Bhavan and now Narendra Modi is consecrating first a Dalit, Ram Nath Kovind and then Draupadi Murmu, a Scheduled Tribe, to the highest post of the executive, which is certainly a healthy & progressive decision.

The credit for the presentation of Draupadi Murmu as a brilliant and historic presidential candidate goes to Prime Minister Narendra Modi and BJP President J.P. Nadda's strategy. Murmu's nomination is only sharpening the edge of lower class politics on which BJP has been working hard for a long time.

The neglect of the tribal community across the country has been in discussion since independence. Modi has been active since the beginning for the interest and welfare of the tribals, affecting about 11 percent of the total electorate and about 25 percent of the total voter turnout. Particularly, the BJP, comprising Narendra Modi, Amit Shah and Nadda, is giving special attention to the tribal community so that it can bring itself out of the limited identity of the urban party. When the names of presidential candidates were being discussed, I was hoping to get some names from the tribal community itself. Murmu was on top of them. Certainly, having a tribal woman in Rashtrapati Bhavan

will enhance the image of BJP among the tribal community, whose direct impact can be seen in states like West Bengal, Odisha, Jharkhand, Gujarat.

Narendra Modi has not only stunned, surprised, but has been doing miracles with his decisions, the same has been done by announcing the name of Draupadi Murmu. Because many targets have been hit with this one arrow. The BJP has been struggling hard in these states due to the presence of very powerful regional parties like Mamata Banerjee's Trinamool Congress in West Bengal, BJD in Odisha and Jharkhand Mukti Morcha in Jharkhand. Whereas in these three states the dominance of Congress is negligible. In such a situation, by sending Draupadi Murmu to Rashtrapati Bhavan, BJP will not only be able to ease its fight, but will also be successful in making its place in these states. The elections are in front of Gujarat, there is also a tribal community in abundance, the effect of this decision will be seen there as well. On the other hand, for the Rashtriya Swayamsevak Sangh, its fight against the conversion of a large number of tribals on behalf of Christian missionaries may also become easier now.

BJP has been showing efficient and mature politics in these years. His leadership, while showing strategic ac-

men, made a man from a caste-backward background as the Prime Minister, first from a Dalit background as the President and now by declaring a tribal woman as the Presidential candidate. The meaning of bulge has changed. It has been given the name of social harmony, after a tribal politician becomes the President, there will be justice for the tribal and backward classes, it is believed.

It is wrong to say that the President in India is only an office of symbolic importance. Coming from a Dalit background, President K. R. Narayan took a tough stand on the communal violence in Gujarat in 2002, forcing the then state government to change its stand on some matters, while President Giani Zail Singh, who came from a back-

ward background, stunned the intoxicated Rajiv Gandhi government with a thumping majority.

The issues were blown away. Ram Nath Kovind also strengthened the democracy of the country with his decisions taken from time to time. There is ample possibility that Draupadi Murmu will be elected as the President and after taking oath of this office, she will also display the same determination and make her tenure memorable for the country, which is free from terror, free from scams, inflation and free from communalism. In which Dalit, Adivasi and Backward Classes should get an egalitarian and fair lifestyle of living.

Being a candidate from a simple family to the highest office of the country is a testi-

mony to the glory of Indian democracy. Nothing could be better than being Draupadi Murmu's candidate as President and marching towards getting elected is an inspiration to crores of people with similar backgrounds. This will not only give more strength to Indian democracy, but will also increase its fame. There is no doubt that Draupadi Murmu has been an ordinary politician, but India has a history that ordinary people have done 'extraordinary' things.

Draupadi Murmu was born on 20 June 1958 in Baidposi village of Mayurganj district of Odisha. His father's name is Biranchi Narayan Tudu.

They belong to the tribal ethnic group, the Santhals. She graduated from Rama Devi Women's College. After this Draupadi started the job

from the State Secretariat of Odisha. She is married to Shyam Charan Murmu. In 1997, she became a local councillor for the first time by winning the election of the Nagar Panchayat for the first time. Three years later, he got the opportunity to become an MLA from the same constituency of Rairangpur, first in 2000, and then a minister in the BJP-BJD government twice. In 2015, she was made the first woman governor of Jharkhand. Former President V.V. Giri was also born in Odisha, but he was originally from Andhra Pradesh.

Murmu's life witnessed many crises and struggles, which shows her vitality. Apart from being a widow in her youth, she did not break even with the death of two sons. During this, she continued to encourage the whole family including her only daughter Itishree.

Her eyes moistened when she was being administered oath as the Governor of Jharkhand. She is an ideal and courageous woman of religious rites. There is a special influence of Indian culture and rituals in them. Two days before the announcement of the name of her presidential candidate, she went to a cowshed in Rairangpur which is in law's town of my son Gaurav Garg while feeding the cows there, and told the operators there that you pray for me. Perhaps

she had some hope and possibility that her name might be announced and fortunately Gaumata heard the call of her heart.

Today, the fire of communal hatred is being deliberately fuelled in the country. All kinds of crises are being created; it is a great irony of democracy that heads are counted here, not brains. Our democracy is suffering because of this, it has been suffering. More heads are coming, not the brain. There are more masks of caste, religion and class and less faces of humanity. By deceitful use of intelligence, they create a maze of equations, from which Abhimanyu did not learn to get out. In fact, the people who drive democracy need such training so that a new definition of democracy can be rewritten. This vision made Draupadi Murmu's role not only important but also decisive.

Therefore, by placing this burden on Draupadi Murmu, the country wants to assure that the governance of the Constitution from Arunachal Pradesh to West Bengal; it will run uninterrupted and the country's borders will be completely safe because the President is the Supreme Commander of the armies. This will be the first time in the history of India that the dignity of the office of a tribal woman will be increased by placing her as the President.

- Lalit Garg

## More than 50% of patients delay cataract surgeries in India: Survey Report

Cataract is the leading cause of vision loss in the country; however, it is treatable with a simple procedure with over 98% success rate. According to the research done by the National Eye Institute, it has been found that 9 out of 10 people who undergo cataract surgery get clear vision. Cataract also most commonly affects people in the age group of 40 and above. On the occasion of Cataract Awareness Month, Pristyn Care has launched "The Great Indian Cataract Survey Report" which aims to create awareness and promote holistic eye-care. The survey was conducted with over 1000+ respondents across metros as well as the data analyzed by the Pristyn Care Data Lab on cataract surgeries performed till now.

According to the survey, more than 50% of Indians are delaying cataract surgeries. Most common misconceptions include losing eyesight, painful procedures, or a long recovery period when it comes to cataract surgery. Among the top criteria for undergoing cataract surgery, 52% of Indians choose specialized, highly experienced surgeons, 41% opt for advanced technology, and 26% make the decision based on the location of the surgery, i.e. Eye hospital and clinic. Affordability and cost of the surgery ranks last at 24%. On the survey findings, Dr. Kripa Pulasaria, Ophthalmologist said, "While there can be multiple reasons for cataract delay, we at Pristyn Care believe that it is important to address patient concerns and spend time with them one-on-one. Patients who understand the treatment and benefits of advanced technology are generally not anxious while undergoing the surgery. Fears of pain, surgical complications, or losing eye-sight can be mitigated with appropriate preoperative education."

According to Pristyn Care's Data Lab which also studied 1 lakh+ cataract patient queries and 7000+ cataract surgeries done by the company, 59% of cataract surgeries are in the age group of 56 and above. Analysis of data further indicates growing cataract cases in the younger population, a condition widely believed to impact the elderly. The risk factors may be prolonged exposure to UV rays, early onset of diabetes, smoking, alcohol, and environmental factors like food adulteration and pollution.

Commenting on the findings, Dr Garima Sawhney, co-founder at Pristyn Care, said, "Cataract is the major cause of reversible blindness and visual impairment in the country. According to Pristyn Care's Cataract survey report, we have observed that lack of access to information, treatment and accessibility are the main reasons for delay among Indians. Cataract surgeries are the most common and frequently performed as compared to other elective procedures. We are committed to introducing advanced treatments for better and quick recovery. We also spoke to the patients who have undergone cataract surgeries and 83% agreed that their pre-surgery inhibitions were unfounded. In fact, 97% of patients would also recommend cataract surgeries to others."

Pristyn Care is one of the largest cataract surgery providers in the country. It surveyed 7 metros including NCR, Mumbai, Kolkata, Bangalore, Pune, Hyderabad and Chennai. The company is also offering free eye check-ups and free consultations in its effort to promote eye care.

## Dinesh MN: One of the most astute professionals taking forward the ACB Rajasthan

There have been tons of talented beings that have made quite a name for themselves in their respective professional lives, but there have been a few others who have gone beyond that and have shown the world their brilliance in their work.

These individuals are those who work day in and day out and then leave no stone unturned to turn their ideas and visions from paper into reality. Across fields and sectors around the world, the ones who have served the country as police officials have shone brighter than others for the kind of commitment they have shown to the people of their nation. Doing that and much more is one such incredible human being named Munganahalli Narayanaswamy Dinesh, aka Dinesh MN.

Dinesh MN is an Indian Police Service officer hailing from Karnataka who now serves as the Additional Director General of Police of the Anti-Corruption Bureau (ACB) of Rajasthan. Over the years, this passionate being has proved his mettle in the industry and has shown what he truly stands for as a proud public servant. Born on 6th September 1971 in Munganahalli village in Karnataka, Dinesh MN went on to attain BE degree in Electronics and Communication, graduating from BDT College Engineering Davanagere Karnataka in the year 1993. In 1995, he became an Indian Police Service officer and was soon allotted to

the Rajasthan cadre.

After getting selected in the IPS in 1995, he joined LBSSNAA at Mussoorie for Foundation course in 1996. The following year, Dinesh MN completed the Basic Police Training Course, joining NPA at Hyderabad and joined Rajasthan for District training at Jodhpur and then completed his two years of Kashmir Attachment, Army attachment, and Phase 2 training at Hyderabad in 1998.

The government official also calls himself a fitness freak, who often thrills people on his social media by posting his pictures and videos of working out. Dinesh MN has been a dedicated officer in Indian Police, and his achievements speak volumes about him as an IPS officer.

## IIM Udaipur awards Post Graduate Diploma to 37 students

Indian Institute of Management Udaipur hosted the first Annual Convocation for its Post Graduate Diploma in Business Administration for Working Executives - PGDBA-WE (Batch of 2020-22) on Friday, 24th June 2022 at its pristine 300 acre campus at Balicha, Udaipur. The Convocation Address was delivered by Mr. Arun Mishra, CEO, Hindustan Zinc Limited, who was the Chief Guest of the Convocation. The concluding address was delivered by Prof. Janat Shah, Director, IIM Udaipur. The convocation was graced by Mr. Ajay Kumar Singhroha, CHRO, HZL, Mr. Ravi Gupta, Head, Corporate Learning and Skill Development, HZL, Prof. Rajesh Agarwal, Chairperson, One-Year MBA programs, faculty & staff of IIM Udaipur, besides parents and relatives of the graduating batches.

In the First Annual Convocation of PGDBA-WE, 37 students graduated with the gold medal for scholastic performance being awarded to Rajiv Chaudhary.

While congratulating all the students, Mr. Arun Mishra, CEO, Hindustan Zinc Limited said, "Management education teaches you art of management. However, the judgement comes while practicing it with an industrial perspective. Don't lose touch with your books. Over the years you will realize that as you grow within an industry more you are keen to theoretical applications. Read through research papers and try to find a solution to your business problems. Mass migration is happening across the globe. Business models are changing with Digital being the biggest disruptor. The additional qualifications will always be involved and will help you to stay relevant in the fast-changing world."

Explaining his journey and career of over three decades in cross domain functions at HZL and its subsidiaries, where he held several business leadership positions and handled a wide range of responsibilities, he further quoted the situations of board rooms where decisions are taken with an approach of "we'll see what will happen". He also discussed the uncertainties like, COVID pandemic, Ukraine-Russia War etc. the world is facing currently, and said it's most unlikely to say where the world will be in the next six months. Education, however, will always be in loop to help you plan business strategies, decision-making abilities in uncertain situations.

The event address was delivered by Mr. Ajay Kumar Singhroha, CHRO, Hindustan Zinc Limited. He was grateful to the outstanding faculty members of IIMU for imparting the extraordinary learnings to the professionals and how it would help them shape their

careers in a VUCA (Volatility, Uncertainty, Complexity, and Ambiguity) world. He advised the graduating batch to look for opportunities to amplify the general management skills and utilize the learnings to achieve a win-win situation in everything they do.

The welcome address was delivered by Mr. Ravi Gupta, Head, Corporate Learning and Skill Development, HZL. He congratulated the graduating batch and was confident that the work-integrated learning program of IIMU shall enhance the business skills of working professionals to perform at work. He said, "It was an emotional journey for all the participants as they started their MBA journey online. The COVID-19 has thrown some unprecedented challenges onto us in every sphere of our life in the past two years. The story of our executives was no different. Yet your commitment to your goal has made you achieve what you are today. It gives me immense pride to congratulate you all on your well-earned degree and wish you all the best in your future endeavours."

In his concluding address, Prof. Janat Shah, Director, IIM Udaipur, said, "It is a momentous occasion as we celebrate the convocation ceremony of our first batch of the Post Graduate Diploma in Business Administration for Working Executives with the Institute. It has been the most eventful and remarkable year for the IIMU community as we completed a decade of our establishment. My limited memory recalls that the graduating batch of 2022 experienced a turn of events that could as well be construed as extraordinary. You are the first batch of the course and started your MBA journey online due to the unprecedented global pandemic outbreak. You supported your teachers and batchmates and showed resilience under great stress. This graduating batch will remain a special batch for us as you helped us manage these difficult times without compromising the transformational experience quality. We are already proud of your forthcoming achievements and anticipate the unique paths you will tread that will benefit you, society and humankind."
