More than 2 lakh promising students benefiting from projects dedicated to education

Udaipur: Vedanta Group and the country's leading metal and mineral company Hindustan Zinc are essential in bringing forth rural talent and providing opportunities to become experts in their subject. In this, these rural talents will successfully achieve their goal and bring laurels to the village and their family. Be it the students selected in the country's top engineering college, the pride of being selected in the country's Under-19 national football team, or the phenomenal improvement in the results of the students studying in the rural areas; these achievements show the times to come. successfully achieve

Hindustan Zinc, in its Shiksha Sambal program, provides subject teachers to improve the examination results of rural students, IIT

coaching in the Unchi Udan program, facilities for higher education, residential camps, modern education, Zinc Football Academy for rural football sports talents, And is running the Khushi project for the education, health, and nutrition of children in rural areas.

Since 2007 through Shiksha Sambal, Hindustan Zinc has provided a platform for rural students to pursue higher education and fulfill their dream of joining reputed institutions to play a vital role in the development and progress of the country in the future. HZL has tried. By reaching more than 64 government schools in 5 districts of Rajasthan Chittorgarh, Bhilwara, Rajsamand, Ajmer, and Udaipur. This year, more than 7500 students have benefited, which is being done to

strengthen the quality of education in collaboration with the Vidya Bhavan Society.

Additional support is being given to the students by the teachers of the Shiksha Sambal Program, the academic team, and the government teachers. One hundred sixty government teachers are being assisted by training and appointing 55 subject teachers.

Under various activities, organizing summer and winter camps, arranging extra and regular classes, additional aids teaching materials to students, and books and materials for libraries and laboratories are provided to schools, and their use is ensured. This effort of the Shiksha Sambal program with state teachers is visible in the board exam results of the schools involved in the program.

Under an important program like Uchhi Udan, the financially unable selected students are given IIT. Excellent coaching is being provided for admission to and other reputed engineering colleges. It is a four-year school integrated residential coaching in Udaipur. Resonance Adventures Pvt Ltd and Vidya Bhavan are partner institutions for coach-

ing. Along with the guidance of these students, the responsibility of providing regular education to the students of class 9th to 12th, especially with physics, chemistry, and maths coaching is also being fulfilled. Currently, 150 students are studying in this program, and so far, 220 students have benefited from it. Of these, 2 batch students have

been selected for IITs and NITs in reputed institutions of the country.

Zinc Football Academy is developing grassroots football players with unique F-Cube technology for rural football players. A batch of 179 boys under 14 are being trained at the Zinc Football Academy in Jawar. This academy is the only one of its kind in the coun-

try. One player has been selected from Zinc Football Academy in the Under 19 National Football Team while the team has won the Rajasthan State League.

Hindustan Zinc's Khushi Anganwadi project is dedicated to improving nutrition-health-education for children below the age of 5 years, under which all-round development of more than 1.90 lakh children is being ensured by conducting this project in 3145 Anganwadis. Sixty-five percent of the children of Anganwadi who were underweight and malnourished have been brought under the category of normal children under the Khushi project. Simultaneously, the work of converting Anganwadis into Nand Ghar is also being done.

Hindustan Zinc has taken commendable steps to intro-

duce sign language training for blind people and to strengthen technology-based education for the blind and deaf. In the program with Jeevan Tarang Zinc, efforts are being made to provide all kinds of assistance to more than 600 differently abled children to make them self-reliant so that these children can become members of their families and lead dignified lives. Under this program, 28 teachers are given training in Indian Sign Language. technology-based

Hindustan Zinc provides scholarships under Yashad Scholars Scheme for engineering youths. Vedanta Post-Graduate Girls College is conducting free studies for girls from villages around its area of operation to pursue higher education in Ringas; this year, 120 rural girl students have taken admission.

programs. Dr. Mohan Lal Agarwal interacted with the students of the School of Management and shared placement and internship opportunities, and took an interesting session on 'Interactive Simulation Game for Management Students. Prof. Sadananda Prusty, Provost, Dr. Sanjay Mishra,

Registrar, Mr. Nand Kumar Dhake, Director Admissions and Marketing, Dr. Monika Anand, Dr. Deepak Vyas, Dr. Darpan Anand, Dr. Shweta Lalwani and other faculty members were also present during the event. Dr. Tushar Somanthe, Head Partnerships, and Placement coordinated the entire event.

Historical Udaipur is also synonymous with services: Dr. Virendra Kumar

Udaipur (Dr Munesh Arora): Udaipur is not only recognized as a historical city in the world but also synonymous with service. Service to the poor and oppressed is the worship of God. This was stated by the Union Minister for Social Justice and Empowerment, Dr. Virendra Kumar as the chief guest at the inauguration ceremony of 501 Divyangjan's free operation and aids distribution camp in the Seva Mahatirah campus of Narayan Seva Sansthan on Sunday.

He said that the state and central governments are working in the service, medical, rehabilitation, and employment of the differently-abled. Still, the government's efforts become more meaningful when social institutions and individual groups move forward. He said that Narayan Seva Sansthan, which started by collecting soil flour one by one to the patients, has become a symbol of faith and support for the differently-abled. He also mentioned many schemes of the Center. He announced all possible help to the institute under central schemes.

Earlier, Padmashree Kailash Manav, the institute's founder, welcomed Dr. Virendra by presenting him with a safe shawl, dupatta, and felicitation letter. He also gave a statue of Maharana Pratap riding a Chetak, symbolizing Mewar's valor. Referring to the 37-year-long service journey of the institute, President Prashant Agrawal said that the institute has so far carried out more than 4 lakh 31 thou-

sand operations as well as implanted assistive devices, artificial limbs, and calipers for thousands of differently-abled people.

In the rehabilitation project, houses of 2201 poor and disabled couples have been set up. Many job-oriented pieces of training are also being conducted in self-reliance. The Minister also met Divyang and their families who came for surgery from different states.

In the ceremony, Mrs. Kamal Virendra was felicitated by Director Vandana Aggarwal with a shawl and bouquet. On this occasion, Deputy Director of Social Justice and Empowerment Department Mandhata Singh, President of Ambedkar Society Shalendra Chauhan, Kishan Khatik, Chittor social worker Kanhaiya Lal, Dhanshyam Khatik, and a large number of citizens were present.

State level selection

Udaipur: Harman Pandit, a student of class VIII of the school, studying in CPS Udaipur, won the title of Under 13 State Champion in Under 11 and 13 Badminton Championship

under Rajasthan State Sub Junior Championship and won gold medals in both singles and doubles competitions. On this occasion, the Director of the school Mrs. Alka Sharma, Director Mr. Deepak Sharma, Principal - Mrs. Poonam Rathore, and the entire CPS family congratulated Harman Pandit and wished him a bright future.

Team Pushpak wins National level Smart India Hackathon-2022

Udaipur (Dr Munesh Arora): Mohit Kumar Gupta, Jatin Jain, Anurag Meena, Bhuvneshwari Shaktawat, Naveen Mohta, Kanika Mahajan, and Saurabh Purabiya team 'Pushpak' of College of Technology and Engineering, Udaipur participated in the final round 'Grand Finale' of Smart India Hackathon-2022.

Two groups were selected for the first position, in which the prize money of one lakh rupees was given to the team with a cheque and certificate. Vice Chancellor of Maharana Pratap University of Agriculture and Technology, Udaipur, Dr. I.V. Trivedi congratulated the students and said that this is a commendable step and innovation in the direction of environmental protection by Team Pushpak, which has been recognized at the national level. Dean of the college Prof. PK Singh lauded the efforts of the students and inspired them to say that the students should develop entrepreneurship by converting this innovation into a start-up. Team Pushpak's mentor/mentor Dr. Bherulal Salvi, co-teacher and Head of Department Mechanical Engineering Department, congratulated the students on their victory and told them

that the purpose of Team Pushpak was to spread waste flowers and garlands which spread pollution by scattering in water bodies and elsewhere. We have to make good use of them to manufacture items that are useful in daily life. Mohit Kumar Gupta, who is leading Team Pushpak, said that this achievement is the result of the guidance of the teachers and the cooperation of all the colleagues. Mohit said that he would not only adopt indigenous products by making a new material from waste flowers and garlands and making different types of products out of it but would also give his necessary support in preserving the environment.

Pacific MBA students visited Adani Port

Udaipur : The Faculty of Management, Pacific University students, undertook a four-day educational tour of the Special Economic Zone, Mundada, Gujarat, and Adani Port. During the visit, the students got information about the entire activities and management system there under the guidance of the officers of Adani. Dean Professor Mahima Birla said that the tour of Adani Port was done for Pacific MBA. The session has a unique charm. Every year students are sent on this educational tour.

Team Leader Professor Dr. Narendra Chavda and Ali Yawar Reha informed that the students learned about India's fastest-growing Mundada Port activities during this visit. He said that the students also visited the Science City in Gandhi Nagar on the first day of the tour. On the second day, the students got an opportunity to visit the Adani Wilmar Fortune Oil Refinery, which was very useful. The students also visited the Adani Power Plant. Thirty-eight students were involved in the tour.
