

Seminar on "Free Speech and Judiciary: Ensuring Independent and Fair Administration of Justice"

Udaipur (Dr Munesh Arora):Seminar on "Free Speech and Judiciary: Ensuring Independent and Fair Administration of Justice" was organized in Delhi After returning from the seminar, Advocate, Arun Vyas revealed that "In a constitutional democracy, the Judiciary plays a fundamental role in balancing the inherent majoritarian bias of a democratic system of governance by enforcing constitutional norms. By its very nature, this function means that, at times, judicial outcomes may not be in accordance with the wishes of the majority. To ensure that the Judiciary

is enabled to perform this vital function, it is essential to both maintain judicial independence from the executive and empower the Judiciary and individual judges to render judgments that serve to enforce constitutional norms but may go against popular sentiment. Both the members of the bar and the media in Independent India has been able to support this function by helping create informed public opinion about the function of the court and the impact of its decisions."

However, the emergence of a new form of media, including social media, has chal-

lenged how the functioning of courts is perceived in the public domain. This has opened the court to criticism that is not necessarily from a constitutional perspective, but could be from the prism of political or sectarian agendas. This has created a new challenge for the court and judicial institutions, and for the country's democratic and constitutional fabric, and requires a collective and collaborative response from the Judiciary, the legal profession, and the media.

This seminar was an effort to facilitate the public's right to understand the court proceedings and the need to

ensure the sanctity of the Judiciary. How can we achieve a balance between robust and well-informed criticism of judgments and functioning of courts with the equally important endeavor to support the

Judiciary and individual judges who display tremendous courage and fidelity to their oath of office when rendering judicial verdicts that enforce constitutional norms. In this background, the Bar

Association of India is organizing a Seminar Arun further added that the following topics were discussed in detail -

- Balancing Judicial independence and accountability: should there be limits on the

freedom of speech while dealing with the judiciary?

- Power of Contempt: a shield or a double-edged sword?

- Code of conduct for lawyers when commenting on media in cases they are appearing or are associated with

- Training the Media to Cover Court proceedings: Developing a Collaborative Effort

Advaiya recognized as Great Place to Work-Certified™ second time in a row

Udaipur: Advaiya Solutions is Great Place to Work®-Certified in India second time in a row (from September 2022 to September 2023)

Advaiya Solutions, a premier consulting and implementation services company has been recognized as a great place to work in India for the second year. The results were recently communicated to the company by Great Place to Work® Institute.

Great Place to Work® Institute have surveyed more than 100 million employees worldwide and used those deep insights to define what makes a great workplace: trust. It should be mentioned that the certification scrutiny process is a tough one and involves anonymous feedback received from employees working in the organization. Great Place to Work® Institute surveyed

employees at Advaiya and gathered information directly from them to make the assessment. The scoring is based on the responses from employees on how trustworthy, caring, and fair the company is and how supportive it is with respect to employees' physical, emotional, and financial health.

"We have done great on all the five elements of building a great workplace", stated Ruchika Godha, COO, Advaiya Solutions. "It is heartwarming

to receive this accolade yet again. It shows that our core values are truly imbibed in our team members! Our trust index score was even better than last year, which shows people genuinely appreciate and trust us. To be bestowed with the 'Great Place to Work' certificate for another year solidifies our faith in ourselves."

"Our success has always been driven by employee contribution and productivity for which, it is essential to create

an environment where the individual needs of every employee are fulfilled, and everyone feels valued.

We are proud of the entire team for repeatedly proving that Advaiyans are the industry's leading professionals, and we are thankful to the team for making it possible. It is indeed a great moment for Team Advaiya. We hope that we continue to achieve great heights in the future," said Manish Godha, Chief Executive Officer.

Tata Starbucks expands its footprint in Rajasthan with the launch of its first store in Udaipur

Udaipur: Tata Starbucks Pvt Ltd today announced its foray into the city by opening its first store at Plot 3T No 11, Polo Ground, Saheli Marg, Udaipur. Udaipur is now the second city in Rajasthan to offer the premium stackerbox experience after Jaipur. The entry of Tata Starbucks into the 'City of Lakes' Udaipur reflects the company's long-term commitment to the Indian market. It is worth noting that the company has more than 300 stores serving its customers in more than 36 cities of India.

Tata Starbucks Pvt. Ltd. Sushant Dash, CEO, Tata Starbucks, said, "Tata Starbucks has proudly served its customers for more than ten years and provided them with the signature experience of Starbucks. This year has been very rewarding for us in terms of delivering meaningful experiences and services to our customers in more cities and locations and in terms of our expansion plans. We are delighted to enter Udaipur, as we will now be able to offer our customers the premium Starbucks experience in this city as well."

Inspired by the lakes and exotic destinations of Udaipur, the new Store will welcome the customers with a modern design. This store artwork, coupled with colorful terracotta walls, adds to the charm of cool blues. The paintings presented here have botanical shades of water and coffee and the design is inspired by the famous sirens, which brings out Udaipur's rich culture and heritage in a splendid manner.

The new store will offer Starbucks' signature beverages and food options, including the all-time favorite Java Chip Frappuccino®, Café Mocha, Signature Hot Chocolate and Caramel Macchiato. There will be delicious food items to accompany the variety of coffee, such as Egg White and Chicken in Multigrain Croissant, Dutch Truffle Gateau, Red Velvet and Orange Cake, Chili Cheese Toastie, Basil Tomato, and Mozzarella Cheese Sandwich, Butter Croissant, etc., which the customers can enjoy.

Starbucks merchandise and free Wi-Fi are also available in this store. In addition, the company will also bring the My Starbucks Rewards™ loyalty program to the city, where members will receive rewards and personal benefits that will make Starbucks a part of their daily lives.

Rajasthan Kabir Yatra Commences

Kabir Cafe Band rocked the grand event
Events will be held in different areas of Mewar from October 2 to 8

Udaipur: Not only do we sing Kabir, but we are also bringing Kabir's couplets into life; when the tunes of modern music mix in the air, then the strings of hearts become jumbled. Songs in words, talks in pieces, amid tales and stories, the actual words of philosophy of life touched the heart. This was the view of the live performance of the Kabir Cafe Band in the program organized during the Rajasthan Kabir Yatra at Pacific Medical College and Hospital, Udaipur.

With the help of Rajasthan Police and Pacific Medical College and Hospital, Kabir Yatra started from PMCH with the message of social harmony. The program started in the presence of PMCH Chairman Rahul Agarwal, CEO Sharad Kothari, and other dignitaries.

Neeraj Arya of Mumbai's Kabir Cafe Band enthralled everyone with his fusion of Kabir's fusion and Kabir Vani, a musical rendition of Kabir's Sakhi, couplets. On this occasion, Kabir Cafe, Maheshwari Ji, Anand Das Bauli, Satya Swaroop Das, Anohad Shivoham (Harshiel Group), Kasam Khan, Sumitra Ji, and Nek Mohammad Langa gave their powerful performances and forced everyone to dance. On this occasion, Neeraj Arya, a member of the Kabir Cafe Band, said Kabir is easy to understand but difficult to adapt to his life. We are talking about Kabir in our way. Kabir also opposed the customs of all religions in the 15th century. He also talked about uniting all the religions when the time comes, but today people on online platforms not only point fingers at each other but also become personal and do not talk about facts. This has increased controversy. Kabir took a jibe at everyone but did not personally point the finger at anyone. Mumbai's famous Kabir Cafe belongs to Neeraj Arya, and this band has five people. For the last several years, this band has sung Kabir Vani in its performances from place to place and is famous for this reason. On this occasion, PMCH Chairman Rahul Agarwal said that we would endeavor to provide a suitable platform to many such talents from the tribal area of Mewar, who do not get any platform to show their talent through this Kabir Yatra.

Agarwal clarified that all the folk artists coming to Kabir Yatra would be given free health cards by Pacific Medical College so that their families can get free treatment in the future, along with the children of folk artists from Pacific University. A special scholarship will also be provided.

A successful bone marrow transplant occurred at Ananta Hospital, the first-ever South Rajasthan

Udaipur: Dr. Nitin Sharma, Executive Director of Ananta Hospital, told in a press conference held at Ananta Hospital on Thursday that now patients will not have to depend on hospitals in Jaipur and Ahmedabad for bone marrow transplant

s. Udaipur, the first bone marrow transplant in southern Rajasthan, has been done at the Cancer Center of Ananta Hospital. These medical facilities will now be available in Ananta Hospital as well.

Get rid of cancer. First of all, due to his illness, on April 25, 2022, Dilip Singh came to Ananta Hospital for consultation with Dr. Rohit Robello (Medical Oncologist), when Dilip Singh was found to be suffering from a cancer disease called Multiple Myeloma; at that time Dilip Singh was utterly unable to walk and came on a wheelchair. Seeing the patient's condition, Dr. Rohit thought of treating him with a bone marrow transplant, but it was not as easy as the patient's severe condition. He said that the patient Dilip Singh's son, Bheru Singh Solanki, age 60, resident of village Paloda district Banswara Rajasthan, was a government teacher.

For this reason, Dr. Rohit gave four chemotherapy cycles, which ended on August 1; after four chemotherapy, the patient started responding well, called VGPA (Veri Good Partial Response) in medical language, given which Dr. Rohit did Bone Marrow Transplant. The mindset was made, but patient Dilip Singh was about to be discharged from his government services on August 31, so he expressed his desire to do it after the completion of his retirement because there was little danger in bone marrow transplant.

On September 2, the patient Dilip Singh came again for treatment, and his transplant was started, which was completed on September 22. Vomiting and diarrhea, etc., were natural in the transplant, but the team of Dr. Rohit and the Head of the Intensive Care Unit of Ananta Hospital, Dr. Prateek, handled it well and played an essential role in completing the transplant, and on September 22, the patient was Dilip. Singh's first successful bone marrow transplant in southern Rajasthan completed

In this successful transplant, Dr. Rohit, Dr. Prateek, Dr. Divyanshu, and the team of nursing staff gave full support.

The patient Dilip Singh was a state employee of the Government of Rajasthan; due to this, it was free of cost under the RGHS (Rajasthan Government Health Scheme) scheme. Ananta will provide free treatment to children suffering from cancer. Group Executive Director Dr. Nitin Sharma said that Ananta Hospital is constantly achieving new heights in the medical field. Children suffering from severe diseases like cancer will be given free treatment in the hospital. We will expand facilities like kidney and liver transplants in the coming years.
