

Anil Agarwal International Cricket Stadium in Jaipur

Jaipur: Vedanta's Hindustan Zinc Limited (HZL) signed a memorandum of understanding (MoU) with the Rajasthan Cricket Association (RCA) for the development of world's 3rd largest cricket stadium in the village Chopn in Jaipur. Vedanta's HZL will spend INR 300 crore on the stadium, one of the largest corporate investments in India's sports infrastructure. The stadium will be named "Anil Agarwal International Cricket Stadium, Jaipur".

The MoU was signed by Shri. Bhawani Shankar Samota, Honorary Secretary, RCA and Mr. Arun Misra, CEO, HZL, in the presence of Dr. C.P. Joshi, Hon'ble Speaker, Rajasthan Vidhan Sabha and Chief Patron, RCA; Ms. Priya Agarwal Hebbar,

Chairperson, HZL and Non-Executive Director, Vedanta Ltd. and Shri. Vaibhav Gehlot, President, RCA. The stadium facilities will be spread across 100 acres and have a seating capacity of more than 75,000. Only Ahmedabad's Narendra Modi Stadium and Melbourne Cricket Ground have larger seating capacity than this stadium. In terms of the size of playing field area, this stadium will be largest in the world.

On this occasion, Dr. C.P. Joshi expressed happiness at the generous offer from HZL and signing of the MoU. He said that this would accomplish the long-felt dream of constructing a modern international cricket stadium at Jaipur. He thanked Sh. Anil Agarwal and Ms. Priya Agarwal Hebbar for their support for the first phase

of the stadium. He hoped the second phase of the stadium would also be supported by Vedanta. He said the new stadium would help develop new cricketing talent. He also hoped that Vedanta would help young entrepreneurs to come up in Rajasthan. Shri. Vaibhav Gehlot, President, Rajasthan Cricket Association highlighted

the history and achievement of RCA. He warmly welcomed Ms. Priya Agarwal Hebbar for joining the important function. He profusely thanked Sh. Anil Agarwal, Chairman, Vedanta Group for extending support towards the construction of the stadium. He hoped that similar support would be forthcoming for the construction

work of the second phase and also thanked the State Government for allotting 100 acres of land for the stadium at concessional rates. He expressed his gratitude to Dr. C.P. Joshi, Chief Patron, RCA for the continuous support extended by him in this journey. Sh. Kumar Sangakkara,

Head Coach of Rajasthan Royals expressed happiness at the construction of the proposed stadium. He hoped that this venture would give encouragement to new talent.

Vedanta Chairman, Shri Anil Agarwal, shared his vision for this contribution, "Sport gives us the best life lessons in leadership, teamwork, competition and hunger to succeed. If India's youth participate wholeheartedly with energy and passion – nurtured by world class infrastructure – they will become an unbeatable talent pool. Vedanta dedicates this stadium and its facilities to new India. Let's play."

Speaking at the occasion, Ms. Priya Agarwal Hebbar, Chairperson, Hindustan Zinc Limited and Non-Executive

Director, Vedanta Ltd. said, "Cricket is a national passion. We are proud and privileged to have the opportunity to set up this world-class facility which will benefit players and spectators. India has huge potential as a sporting nation. Vedanta and HZL are committed to creating a best-in-class enabling environment for the flourishing of our country's talent and interest in sports. The stadium will be completed in phases. A 40,000 capacity is set to be completed by October 2023. The overall project of first phase will cost Rs. 400 crores, out of which Rs. 300 crores will be borne by HZL and the remaining Rs. 100 crores will be taken care of by RCA. The stadium will have an indoor games facility, training centers for

other sports, a clubhouse, and parking for 3,500 vehicles.

The Anil Agarwal International Cricket Stadium will host national and international matches, including games of the Indian Premier League. The stadium and its facilities will help the development of Rajasthan as a major hub for cricket and other sports. World class cricket training academy with residential facilities. It will have two practice ground with 5 pitches each. In addition, there will be 20 indoor pitches for outdoor net practice. A small pavilion and gym for players will also be set up.

Five-star hotel and convention centre.

Club house with indoor sports facilities and sports outlets.

The Saves Humans- a startup, i.e., making the stories of the common man's struggle viral on social media

Udaipur. Hundreds of people in India have been selflessly fighting for the welfare of society and nature for years, either alone or trying to bring positive change in the world by working day and night in their businesses.

Startup company The Saves Humans is like this. Finding struggling people and putting their struggle stories on social platforms is changing their lives and giving new heights to their businesses. This is one such startup that takes such stories of struggle to 5 million people every month.

Devesh Verma and Palash Khandelwal, founders of Saves Humans, said that this startup aims to trace such people, write their true stories, and provide them a platform through social media to share their struggles and good deeds

with themselves and the world. It can bring positive changes in life.

Saves Humans has covered the stories of more than 900 such people who have brought a positive change in society through their actions and are continuously trying to get about it.

Covering a story within just 60 seconds conveys the story of that person's life to the general public. The most important thing is that there is so much craze among people towards The Saves Humans that as soon as the startup puts the story on the social media platform, it gets millions of views within a few hours, a symbol of the success of this startup. There is also some such story, seeing which the public is eager to find out about that person. Such viral stories

include Chamar Studio founder Sudhir Rajbhar, Sagar Ratna founder Jai Ram, Padma Shri awardee Chutni Devi, V Narayani, and many more motivational stories which get around 50 lakh views every month. Seeing those stories, organizations honor many people by giving them awards, and many approach them for funding. Today, the level of Saves Humans is being heard on the radio daily.

Devesh and Palash believe that what you see is what you become or what you try to be, and at this time, the youth of India is busy watching videos on social media and copying them.

The Saves Humans has always strived to bring forth positive stories. Show positive and real-life motivational stories on social media to people

so that people get inspired and move forward to do good work.

This is how Saves Humans started from a small place in Indore in 2019. CEO Devesh worked as content research and distribution head with social media in Vitti Feed, a prominent startup content company in Indore, for 5 years before starting this startup. We were working on, which just

recently came on Shark Tank with the Stages app. The Saves Startup tried to bring forward the story of the people's struggle by going to different places in the country, not from a single city.

Devesh was inspired to start the startup while working at the same company for 5 years, where he met his teammate Palash Khandelwal, now a founder of Saves Humans. Both used to discuss content and startups throughout the day.

After some time, Palash went to New Zealand for his Master's studies, but there was a daily discussion between Palash and Devesh regarding content and new startup ideas. Then one day, he made a difficult decision with his other colleagues and started The Saves Humans with content

and social media experience, leaving their safe jobs.

Along with this, The Saves Humans also provides digital marketing solutions to brands. Featured in Prestige, FMCG and Shark Tank, HomeStrap, and many more businesses are clients of The Saves Humans.

Next Target: The Saves Humans will soon make its stories available to schools. So that by showing the story of such struggling people, the children will not only inspire but also get a new direction in their life.

The next goal of the startup is to create such a content tech platform for the next phase of its startup, which will connect the general public with the heroes of Saves Humans stories and teach them the tricks of a startup, NGO, social work, and business.

CM raised questions on the working style of Lok Sabha Speaker

Kota: Congress's divisional level workers' conference was held in Kota on Saturday. In the meeting, CM Ashok Gehlot, in charge of Rajasthan Sukhjinder Singh Randhawa, arrived to address the workers calling the BJP government a conspiracy to disqualify Rahul Gandhi's membership from Parliament. CM raised questions even on the working style of Om Birla speaker LS.

CM Ashok Gehlot said that the Lok Sabha speaker is working under pressure. At the same time, CM Ashok Gehlot once again targeted the Union Jal Shakti Minister Gajendra Singh Shekhawat regarding the ERCP project and said that such a considerable portfolio. Despite being in power, the minister cannot do anything for the irrigation and drinking water scheme of the critical 13 districts of Rajasthan. Referring to the welfare schemes of the state government, he said that the government has provided relief to every section of the state's people. Schemes have been implemented, and the common man has decided to bring back the Congress government. While appreciating the Chambal River Front, CM Gehlot also said that Gujarat's riverfront is only in name. Describing Minister Shanti Dhariwal as the designer of Kota Kota, he said that Shanti Dhariwal has changed the picture of Kota with unprecedented development. Kota's riverfront has made Kota a tourist area. At the same time in charge, Randhawa also attacked the BJP government fiercely in his address to the BJP, Describing the most lying party and claiming BJP's crushing defeat in 2024. UDH minister Shanti Dhariwal also addressed the worker's conference in his own style, taking a dig at the BJP. BJP has stopped the salaries of the employees employed in the IT cell.

Minister Shanti Dhariwal also discussed the development work done in Kota and targeted the airport issue, saying that the state government has taken its own initiative. Complete work has been done, but the central government is discussing the airport. Calling upon the workers to forget their differences and join in solidarity, he said that the government would repeat and all the workers should play their essential role. Many Congress office bearers and workers from Kota Bundi Baran Jhalawar reached the divisional level conference. At the same time, the same minister Ashok Chandra targeted the central government by giving a speech in Hadoti, encouraging the workers in the forum. Pankaj Mehta, Vice President of Khadi Village Industries Board, former MLAs Harimohan Sharma, Karan Singh, Bharat Singh Sharma, Meenakshi Chandrawat, Zila Pramukh Urmila Jain Bhaya PCC member Amit Dhariwal, district president Ravindra Tyagi and a large number of office bearers of the Congress division in the divisional level Congress worker conference. Congress workers were present.

The New Parliament of New India is taking shape

New Delhi: On Thursday evening, Prime Minister Narendra Modi saw the new Parliament of New India construction works taking shape in the Parliament House and met the labor heroes engaged in constructing the grand building under construction and addressed them as modern Vishwakarma.

The Prime Minister also encouraged the officers and engineers to monitor the works of the new Parliament House, watch the progress, and give them the necessary guidelines.

Seeing the interior scenes of the new triangular-shaped Parliament building, many M.P.s/M.P.s exclaimed that India had a selfless and great priest of the temple of democracy, from whose vision we are getting to see a new look of this modern building. This unique gift of the nectar of independence will be able to fulfill its potential to absorb the growing number of parliamentarians in the future.

Workshop on skill development @ Geetanjali Institute of Pharmacy

Udaipur: Geetanjali Institute of Pharmacy organized a two-day workshop on the topic "Skill Development of Pharma Students and Employment Opportunities in Pharmaceutical Industry" on Friday and Saturday. In the workshop, Dr. Mahendra Singh

Rathore, Principal, Geetanjali Pharmacy, discussed in detail about brain reprogramming on the development of internal skills of the students in the first session. In the various sessions of the workshop, Dr. Udichi Kataria and Dr. Arvind Singh Pemavat informed the students about making effective job-oriented resumes and group discussion activities. On the second day of the workshop, Mukesh Mahatma, Director, Quality Department of Clinical Research, Irish International Company Icon Plc, gave a detailed discussion to the students on the immense possibilities in the field of clinical research. Mr. Prateem Tamboli, CEO, Geetanjali Hospital shared information with the students about the skill development required in the pharma corporate sector.

The chief guest of the program, Professor FS Mehta, Vice Chancellor, Geetanjali University informed about the importance of skill development while wishing the final year pharma students for their advanced career. The program was coordinated by Mrs. Santosh Kitawat and Hitendrapal Solanki.

One Month Training Program in collaboration with FL Smidth on Cement Manufacturing at SPSU

Udaipur: Sir Padampat Singhania University partnered with FL Smidth to organise world's first of its kind one month long training program on Cement Manufacturing in Advanced Technology. FL Smidth is a leading original equipment manufacturer (OEM) in cement and mining industry controlling 65% of market share.

The Honourable President and Vice Chancellor, Prof. (Dr.) Padmakali Banerjee, SPSU inaugurated the one month long training program on Cement Manufacturing in advanced technology in collaboration with FL Smidth and JK Cement Pvt Ltd on 22nd February 2023. Applauding the JK Cement's legacy she mentioned that the University is taking many such initiatives in the form of partnerships and collaboration with industries for real-time industry exposure and creating industry ready work force. Emphasizing the need for sustainable and ecologically friendly technology for cement production she highlighted that such extensive training programmes are crucial for giving students real-world experience, encouraging creativity, fostering a culture of research, and developing future-ready professionals capable of solving challenging industrial problems. Forty one students from various streams of engineering including graduate engineering trainees from cement industry participated in the training program. More than 25 FL Smidth experts from varied domains trained the students on various aspects of cement manufacturing including cement plant layout, machine operation, maintenance, machine design, automation, industry 4.0, latest trends in cement industries and many more. Experts from Denmark and USA also connected virtually to answer student's queries. The real time plant training was provided by connecting with the cement plants across India virtually. Each training session was followed presentations from students based on the tasks assigned to them. Dean Academics Dr. Bhavana Adhikari guided the execution of this month long training program. Vote of thanks was presented by Dr. Naveen Kumar, Head Mechanical Engineering. Students with excellent performance were also awarded.

In this, Pacific Dental College Debari, Udaipur team was the winner. Man of the match was Dr. Sunil Suthar while Dr. Sharveel was declared as Best Bowler along with them Dr. Sunil, Best Fielder Dr. Vishwas Chowdhary, Player of the Tournament and Dr. Arshad were selected as the Best Batsmen of the tournament.

Surprise inspection of Dr. Divyani Katara

Udaipur: Dr. Divyani Katara, a Rajasthan State Social Welfare Board member, conducted a surprise inspection of the Government Nari Niketan Girls Home and Infant Home. During the inspection, she inquired about the facilities being provided to the infants and girls, along with the canteen and different rooms in the house, and while discussing with the girls in detail. She informed them about the various schemes of the government. Giving strength to the girls, she said that all possible facilities are being provided to them at the government level. She expressed satisfaction with the care and services provided to the children during the inspection of the crèche. She instructed the concerned authorities that complete care should be taken of the health and safety of the children and practical efforts should be made to ensure that these children get a home-like environment. She appealed to everyone to work for them with the spirit of service.

Dr. Divyani advised the Superintendent of Nari Niketan to organize awareness programs from time to time regarding girls' mental and physical development and to encourage girls and gave instructions to pay special attention to the field of cultural and social upliftment of girls.

Deputy Director of Social Justice and Empowerment Mandhata Singh, Superintendent of Girls Home Preeti Jain, and Child Welfare Committee member Shilpa Mehta were present.

Jal-Choupal : No fish, no life without water

Udaipur: Water hero Dr. PC Jain asked Fisheries College residents and Madar village residents what kind of water they should drink by checking the T.D.S. of the hand pumps there. Students of N.S.N.S.S. also took out a water rally. They also explained to the villagers and students how to check the T.D.S. of these hand pumps and why it should be done because fish and life cannot survive without pure water. Pouring rainwater into a hand pump increases its purity. If the water is pure, then the body is purified. He explained this to everyone.

Dr. Rathore, Dr. Gayatri Tiwari, and Dr. Sneha Jain were also in

We aim to provide benefits of schemes to every needy: Chief Minister

Jaipur: Chief Minister Shri Ashok Gehlot said that the state government's schemes are bringing positive changes in society. Earlier, where Rajasthan had the image of a backward state, today Rajasthan has emerged as a model state with a fast-growing economy. Our goal is to make the public welfare schemes of the state government accessible to every eligible person.

Mr. Gehlot addressed the Thursday beneficiary festival organized in Jaipur on Rajasthan Day. He said that with free education, water, electricity, ration, health insurance, check-up, medicine, treatment, pension, new schools, colleges, roads, cheap gas cylinders, etc., people should benefit from one crore public welfare schemes by the state government.

Also, Rajasthan ranks second in the country with an economic growth rate of 11.04 percent. Both these achievements have become possible simultaneously because of the public money the state government spends in the public interest. The number of employees working on the 181 helplines has been increased from 200 to 1000 so that ordinary people do not face any problems availing of the scheme's benefits. Shri Gehlot said that 19 new districts had been created in Rajasthan to give better governance through smaller administrative units.

The vision of Rajasthan 2030

The Chief Minister said that maximum awareness should be spread about the schemes of the State Government so that no eligible person in the State is deprived of its benefits. Today, state government schemes are the subject of discussion throughout the country. The innovations made in the State in public welfare are unique. It is our responsibility to take their benefits to every needy.

Just as the common man contributed to realizing that no one sleeps hungry in Corona management, it is our duty to ensure that no one is deprived of the benefits of the schemes. Mr. Gehlot called upon the common man to contribute to making Rajasthan the number one state in the country by 2030. Mr. Gehlot said that work is being done keeping in mind the goal of the prosperity of every family of the State by 2030 so that every Rajasthani can come to the country's front line.
