## FROM KARMABHOOMI TO MATRIBHUMI PROGRAM IN MUMBAI

**'Water, Energy, Employment and Industrial Development Prioritized for a Developed Rajasthan NRI Rajasthanis Contributing to Prosperity of Both Karmabhoomi and Matribhumi – Chief Minister Bhajanlal Sharma**

**Jaipur:** Chief Minister Bhajanlal Sharma stated that the Rajasthan government is working with full dedication to achieve the vision of a developed Rajasthan by prioritizing water, energy, employment, and industrial development. He emphasized that along with the participation of 80 million residents of Rajasthan, Non-Resident Rajasthanis (NRRs) will also play a vital role in realizing this dream. Addressing the Non-Resident Rajasthanis

community at the From Karmabhoomi to Matribhumi event held in Mumbai, Shri Sharma said he has observed during his travels across the country and abroad that NRRs not only contribute significantly to the development of their adopted lands but also remain deeply connected to their roots and actively support the growth and prosperity of Rajasthan.

The Chief Minister highlighted that NRRs have particularly taken initiatives in the area of water conservation. Inspired by Prime Minister Narendra Modi, the state government launched the Karmabhoomi to Matribhumi campaign, receiving overwhelming support from philanthropists and expatriates. Under this campaign, around

45,000 water conservation structures will be built in Rajasthan. This effort will ensure the preservation of every drop of rainwater, enhancing water availability and boosting groundwater levels. Major Steps Taken for Adequate Water Availability Shri Sharma explained that several steps have been initiated to ensure ample water availability in the state. Under the guidance of Prime Minister Narendra Modi, the long-pending Eastern Rajasthan Canal Project (ERCP) agreement has been signed, and work has commenced. Progress has also been made on the Yamuna Water Agreement crucial for the Shekhawati region, with a joint task force formed with Haryana. The preparation

of DPRs (Detailed Project Reports) for supplying Yamuna water from the Hathnikund Barrage to Churu, Jhunjhunu, and Sikar has also begun.

Additionally, water management projects in the Mahi Basin and initiatives like the Dewas project are underway. Efforts are also being made to

enhance the benefits of Narmada water in Jalore, Sirohi, and Barmer districts. Under the Mukhyamantri Jal Swavlamban Abhiyan 2.0, five lakh water harvesting structures are being constructed in 20,000 villages to improve water self-sufficiency.

Remarkable Progress in

Energy, Industry, and Employment Sectors The Chief Minister informed that to make Rajasthan self-reliant in the energy sector, MoUs worth ₹2.24 lakh crore have been signed with central undertakings. Energy attracted the maximum investment proposals during the Rising Rajasthan

Global Investment Summit held last December, with proposals worth ₹35 lakh crore received overall, and ground-breaking for ₹3 lakh crore worth of investments already accomplished. For employment, Shri Sharma said that the government aims to provide one lakh jobs within a year, out of which 69,000 jobs have already been allocated, and the remaining will be fulfilled in the coming months. State Government to Fully Support Investors Inviting NRRs to invest in Rajasthan, Shri Sharma assured that investing in Rajasthan will not only boost their businesses but also contribute significantly to the state's prosperity. He mentioned that IAS officers have been appointed as nodal offi-

cers across different countries and states to facilitate coordination between investors and the Rajasthan government.

Addressing the gathering, Union Minister for Jal Shakti C.R. Patil said that under Prime Minister Narendra Modi's leadership, extensive work is being carried out for water conservation and the provision of tap connections to every household. Proper water management, he said, would ensure there is no water scarcity anywhere in the country. On this occasion, Gujarat's Minister of State for Home Affairs Harsh Sanghvi, Minister of State for Forests Mukesh Bhai Patel, Jodhpur MLA Atul Bhansali, and several other dignitaries and a large number of NRRs were present.

### In Loving Memory of Shri Ashok Mathur

With deep sorrow, it is informed that Shri Ashok Mathur, a respected literary scholar, educationist, and former Deputy Director at SIERT, Udaipur, later serving at RPSC Ajmer, as an expert passed away unexpectedly. His passing marks the end of an era of wisdom, literary brilliance, and public service.

His last rites will be held today at 11:30 AM at Ashok Nagar Mokshdham, Udaipur. The funeral procession will begin from his residence: 404, Daya Apartment, 4th Floor, near Abhay Bagh, Sardarpura, Udaipur.

Shri Mathur was widely recognized for his valuable contributions to English literature and had been a pillar of support to the Royal Harbinger team for over a decade, enriching it with his sharp intellect, insightful writings, and unwavering commitment to literary excellence. His thoughtful columns and critical essays had a profound impact on readers, bridging classical thought and contemporary discourse.

Before his retirement, he served with distinction at SIERT, RPC Division and later contributed significantly at RPSC Ajmer, where he was admired for his deep knowledge, administrative skills, and dedication to educational reforms.

He is survived and deeply mourned by his family:

Dr. Richa Mathur (Daughter), Rahul Mathur (Son-in-law), Pavitra Mathur (Daughter), Raju Mathur (Son-in-law), Aseem Mathur (Son), Dr. Garima Mathur (Daughter-in-law), Tanvi, Isha, Harshabh, Gargi (Granddaughters), and Dhruv (Grandson).

A special tribute from Virendra Shrivastava and the entire Royal Harbinger Team:

"Shri Ashok Mathur was more than a writer; he was a guiding light, a mentor, and a source of inspiration for all of us. His absence has left a void that can never be filled. His contributions to journalism and literature will continue to inspire generations to come. We bow our heads in his memory and pray for his eternal peace."

The literary and academic community has lost one of its finest minds. May his soul attain moksha and eternal tranquility.

### Former Chief Minister Tika Ram Paliwal's Birth Anniversary Observed with Reverence at Pratyush Bhawan

**Udaipur:** The birth anniversary of Rajasthan's former Chief Minister, freedom fighter, and pioneer of land reforms, Tika Ram Paliwal, was observed with deep reverence today at Pratyush Bhawan.

On this occasion, Rajasthan Pradesh Congress Committee General Secretary and Spokesperson Pankaj Kumar Sharma paid floral tribute at Paliwal's portrait and expressed his heartfelt homage. Sharma recalled Paliwal's invaluable contribu-

tions to political life, the Indian freedom movement, and the overall development of Rajasthan. He remarked that Paliwal was not only the first elected Chief Minister of the

state but also a true Gandhian leader who upheld simplicity and integrity for public welfare. His life stands as a symbol of political ethics, social service, and the historic initiatives

undertaken for land reforms. The event concluded with a collective resolve to draw inspiration from his life for national interest and public service. On this occasion, Jitendra Singh, Saurabh, Devendra, Mohit, Sunil, Jyoti, Gulram, Renu, Nency, Bhavana, and others were present.

### Hindustan Zinc Honored as India's Largest Integrated Silver Manufacturer at India Silver Conference 2025

**New Delhi:** Hindustan Zinc Limited, a Vedanta Group company and one of the world's top five silver producers, has been recognized as India's Largest Integrated Silver Manufacturer 2024 at the India Silver Conference 2025 held in Udaipur, Rajasthan. This prestigious honor underlines the company's operational excellence, strategic vision, and ability to support the rising global demand for silver in the clean energy transition.

At its pavilion, Hindustan Zinc showcased LBMA-certified 99.99% pure silver bars of 30 kg and 1 kg, along with Galena ore, the primary mineral for silver, extracted from its renowned Sindesar Khurd mine—ranked among the top five silver-producing mines globally.

The conference commenced with a keynote address by CEO Arun Misra, who highlighted silver's increasing importance as an energy transition metal. Used extensively in solar energy, AI, nanotechnology, biotech, high-end electronics, silver jewelry, and tableware, silver's superior conductivity and antimicrobial properties make it indispensable to next-generation technologies—including photovoltaics, electric mobility, medical diagnostics, and smart consumer devices.

Since the Government of India's disinvestment in 2002 and subsequent acquisition by Vedanta, Hindustan Zinc has achieved a remarkable 20-fold increase in silver production. Before this, India was largely dependent on silver imports, making this one of the most successful privatizations in Indian history.

Speaking at the event, Arun Misra said, "We take immense pride in being a global silver production leader. With silver prices hitting record highs, our strategic capabilities empower us to cater to increasing demand. At our Pantnagar unit, our refined silver is produced using 100% renewable energy, reinforcing our leadership in sustainable silver manufacturing."

The event featured a panel discussion where Chief Marketing & Sales Officer Vijay Murthy emphasized silver's evolving role in critical industrial applications. Hindustan Zinc's pavilion—titled "At the Core of the Clean Energy"—was a major highlight. Attendees were impressed by its immersive 3D experience booth, which provided virtual tours of the world's largest underground zinc mine in Bhilwara and the world's largest lead-zinc smelter in Chittorgarh, both located in Rajasthan.

The company also exhibited silver powder adhering to international quality benchmarks. Its Pantnagar metal plant is recognized under the London Bullion Market Association's Responsible Silver Guidance Framework, reflecting ethical sourcing, advanced technology, and a sustainable value chain. Recognized by the S&P Global Corporate Sustainability Assessment 2024 as the world's most sustainable metal and mining company, Hindustan Zinc is setting new standards in environmental and social governance (ESG). As the world's largest integrated zinc producer with a 77% share in India's primary zinc market, Hindustan Zinc supplies to over 40 countries. It also pioneered EcoZinc, Asia's first low-carbon green zinc brand, manufactured entirely through renewable energy. Furthermore, the company is 2.41 times water-positive and is committed to achieving net-zero emissions by 2050 or earlier. As a leading Energy Transition Metal Company, Hindustan Zinc is at the forefront of providing critical metals for a sustainable, low-carbon future.

### Royal Tradition of Mewar: Dr. Lakshyaraj Singh Visits Dwarkadhish Temple Post Coronation

**Udaipur:** In a significant observance of Mewar's royal traditions, Shri Dr. Lakshyaraj Singh Mewar, along with his family, visited the revered Dwarkadhish Temple in Kankroli on Saturday. This marked his first visit after formally ascending the royal

seat of Mewar.

At the temple, Dr. Lakshyaraj Singh Mewar received blessings from his family's spiritual mentor, Goswami 108 Shri Dr. Vagish Kumar. Accompanied by his wife Nivrutti Kumari Mewar, daughters Mohlakshika Kumari Mewar and Praneshwari Kumari Mewar, and son Haritraj Singh Mewar, he performed special rituals, praying for the prosperity and happiness of Mewar.

Following royal traditions, Dr. Lakshyaraj Singh Mewar ceremonially greeted Dr. Vagish Kumar with Vedic mantras, offering a traditional bow to seek his blessings. The royal family was welcomed with a grand reception in Kankroli, reflecting Mewar's time-honored customs.

Dr. Lakshyaraj Singh Mewar emphasized that the guru-disciple tradition has been an integral part of Mewar's heritage since ancient times and pledged to continue preserving it. Notably, the coronation ceremony was conducted on April 2 after the passing of the late Arvind Singh Mewar, wherein Dr. Vagish Kumar had performed the formal enthronement rituals.

### Values and Culture Strengthen Social Contribution: Prof. Sarangdevot

**Udaipur:** The three-day Faculty Development Programme (FDP) on "Universal Human Values-Based Education", approved by AICTE, concluded at the Faculty of Management Studies, Janardan Rai Nagar Rajasthan Vidyapeeth (Deemed to be University), Udaipur.

Delivering the presidential address, Vice Chancellor Prof. S.S. Sarangdevot emphasized that individuals nurtured with cultural values from close family structures hold a crucial place in society. He asserted that if a person cultivates the right understanding, complete harmony in cooperation, reverence, and dedication can be achieved within society. Prof. Sarangdevot also highlighted the importance of beginning each day with self-assessment and seriousness, stating that love, reverence, and trust form the backbone of all relationships, and it is a teacher's duty to constantly nurture the spirit of learning.

Renowned environmentalist and "Waterman of India" Rajendra Singh, the chief guest, emphasized that teachers are the true architects of a student's virtues. He advocated for reviving human values and integrating traditional Indian knowledge into modern education, stressing that true education should harmonize knowledge with character-building.

Dr. B.K. Sharma from RIET Jaipur, as AICTE trainer, discussed the imbalance in today's world despite resource abundance, highlighting the importance of self-restraint. Dr. Alka Swami from Bikaner Technical University emphasized trust as the foundation of all relationships and called for inner development through acceptance and pure intentions.

Observer Dr. Saroj Lakhawat also shared her reflections. Participants Anita Sukhwat from Kota University and Dr. Heena Khan from Rajasthan Vidyapeeth shared their experiences, stressing the need for inculcating values among students.

The event was coordinated by Dr. Chandresh Chhatlani, and the vote of thanks was delivered by Dr. Neeru Rathore, Program Coordinator.

### Narayan Seva Sansthan Honored as 'Best NGO of the Year 2025' at Global CSR Awards

**Udaipur:** Narayan Seva Sansthan, India's leading organization dedicated to the empowerment of the differently-abled and underprivileged sections, has been honored with the prestigious "Best NGO of the Year 2025" award by the Global CSR and ESG Awards.

The grand ceremony was held at Hyatt Regency, New Delhi, and witnessed participation from over 100 leading corporate organizations, including Tata Group, Reliance Foundation, Infosys Foundation, HDFC Bank, Mahindra & Mahindra, and Aditya Birla Group. The event served as a platform to strengthen collaboration between the corporate sector and social organizations. Speaking as the keynote speaker, Prashant Agarwal, President of Narayan Seva Sansthan, emphasized the crucial role of voluntary organizations and the importance of inclusivity in societal development. He called for more effective partnerships between corporates and NGOs to drive meaningful impact.

Receiving the award, Agarwal stated, "This honor is a tribute to every volunteer, donor, and team member whose selfless service has been the backbone of our mission. It inspires us to continue striving for greater service and positive change in society." He expressed gratitude towards the organizers of the Global CSR Awards and reaffirmed the Sansthan's commitment to transforming the lives of the differently-

abled and marginalized communities.

The "Best NGO of the Year 2025" recognition marks a global acknowledgment of Narayan Seva Sansthan's unwavering efforts over four decades in providing free medical aid, corrective surgeries, prosthetic limb distribution, skill development, education, and rehabilitation services. Founded in 1985 and headquartered in Udaipur (Rajasthan), Narayan Seva Sansthan continues to work towards building an inclusive and empowered society through its dedicated initiatives and humanitarian services.
