## Udaipur Writer Represents India at Prestigious International Flash Fiction Festival in the UK

**Udaipur:** Dr. Paritosh Chandra Dugar, a distinguished academician and internationally published flash fiction writer from Udaipur, proudly represented India at the prestigious Flash Fiction Festival held at Trinity College, Bristol (UK) from 18 th to 20 th July 2025.

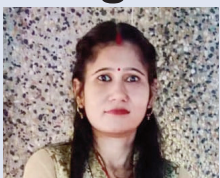

Organized by the Bath Flash Fiction Award and Ad Hoc Fiction, the festival is one of the most celebrated international gatherings for flash fiction writers. Dr. Dugar was invited to the festival as the sole representative from India, marking a significant recognition for Indian flash fiction on the global literary stage.

During the festival, Dr. Dugar captivated audiences with readings of his stories, "My Shirt" and "An Algorithm of Revenge." These stories were featured in special sessions conducted by leading flash fiction authors Audrey Niven (UK), Fiona McKay (Ireland), and Nancy Stohlman (USA), respectively. Both stories received wide appreciation and enthusiastic applause from an international audience of writers, editors, and literary enthusiasts.

Dr. Dugar's participation not only highlighted the growing presence of Indian voices in global literary circles but also underscored the power of flash fiction as a form of sharp, emotive storytelling that transcends borders.

## Sonali Shrivastava Awarded Ph.D. Degree

**Udaipur:** Janardan Rai Nagar Rajasthan Vidyapeeth (Deemed-to-be University), Udaipur, has awarded the Doctor of Philosophy (Ph.D.) degree to research scholar Sonali Shrivastava in recognition of her scholarly contribution to the field of education.

Shrivastava, enrolled under Enrollment No. 2K19/27/2, successfully completed and submitted her doctoral thesis titled "Learning Material Construction and Effectiveness for Teaching Economics: An Experimental Study" to the Faculty of Education. The research work was carried out under the supervision of Assistant Professor Anita Kothari.

The thesis was formally approved by the Vice-Chancellor on August 7, 2025, and the Ph.D. degree was conferred following the approval of the Ritvika (Board of Management).

The study has been recognised as a valuable contribution to economics education, particularly in developing innovative learning material and advancing experimental teaching methodologies. Academic peers within the university have described Shrivastava's work as a constructive effort toward improving teaching practices and enriching experimental learning in higher education. Janardan Rai Nagar Rajasthan Vidyapeeth, established under Section 3 of the UGC Act, 1956, continues to uphold its reputation as a premier centre of research and higher learning in Rajasthan.

## Yadavendra Dwivedi: A Lifelong Journey of Service and Knowledge

**Udaipur:** Born in 1958 to the late Shri Kanhaiyalal 'Mukul' and Smt. Mohini Devi, Yadavendra Dwivedi has devoted his entire life to service, knowledge, and national awakening. With Master's

degrees in Arts and Education, he began his voluntary mission in 1975 under the banner of Jeevotthan—a journey of selfless service that continues to this day without charge or personal gain.

Dwivedi embodies the rare blend of an ideal citizen, scholar-saint, prolific writer, social reformer, and tireless advocate of unity.

Fluent in Hindi, Sanskrit, English, and several regional languages, he has authored more than 145 original books and e-books—many considered first-of-their-kind globally. Each has been edited,

printed, and distributed free of cost, with several earning India Book of Records and World Book of Records honors. In addition, he has published nearly 1,000 special issues marking national and international occasions.

For over four decades, his contributions have spanned education, literature, cultural preservation, Ayurveda, Vedic sciences, national integration, and communal harmony. His initiatives address every stage of life—from prenatal awareness to posthumous support—through counseling, correspondence, helplines, out-

reach, and digital platforms. His work has been acknowledged by Presidents, Prime Ministers, Governors, Chief Ministers, and senior officials, with over 125 awards including the Sanskrit Sadhana Samman, Sanskrit Vidwan Samman, State Teacher Award, and Shikshak Ratna.

Even today, Dwivedi remains active round the clock, guiding people on spirituality, science, and social issues. His life stands as a beacon of dedication, knowledge, and selfless service, inspiring generations toward higher ideals.

## Successful Treatment of Uncontrolled Eyelid Blinking at PIMS Hospital, Udaipur

**Udaipur:** Doctors at Pacific Institute of Medical Sciences (PIMS) Hospital, Umarda, have successfully treated a woman suffering from the rare condition of uncontrolled eyelid blinking.

### Breakthrough in Ophthalmology Department

PIMS Chairman Ashish Agrawal informed that the patient had been admitted to the ophthalmology department with persistent eyelid spasms that had troubled her for several years. The condition was causing her eyelids to shut involuntarily, severely affecting her daily life.

### Team Effort with Advanced Treatment

The treatment was carried out under the supervision of Dr. Nitin Singh, Head of Ophthalmology, along with Dr. Sandhya Nagda and their medical team. They administered an injection of Botulinum Toxin (Botox), which is considered highly effective in managing such neurological eye disorders.

### Patient's Relief and Recovery

Following the treatment, the woman reported complete relief from her long-standing problem. She expressed happiness that after years of suffering, she is now able to live her life comfortably and without disruption.

## Bengaluru Senior Tours World for Organ Donation, Road Safety

**Udaipur:** Sixty-five-year-old B.V. Narayan from Bengaluru has embarked on a global motorcycle journey to promote organ donation and road safety. Having lived in New Jersey, USA, for nearly 15 years working in varied jobs, his life changed after surviving an accident there. Returning to India in 2003, Narayan turned his passion for machines into designing modified vehicles for the differently-abled, until the COVID-19 pandemic disrupted his work.

While assisting accident victims, he realised that preventing disabilities caused by road mishaps was as important as providing mobility solutions. Motivated by this vision, he designed a motorcycle for himself and set out to raise awareness worldwide. So far, Narayan has travelled to 89 countries across Africa, South America, and Europe. Beginning his latest journey from Bengaluru on February 28, he passed through several Indian states before reaching Udaipur on Wednesday night. His next destinations include Ahmedabad, Mumbai, Saudi Arabia, Canada, and Alaska.

Interacting with youths in Udaipur, Narayan urged them to pledge this Independence Day to spread awareness about organ donation and follow traffic rules diligently. He also praised Rajasthan's governance under Chief Minister Bhajanlal Sharma, appreciating the compassion of officials including Bharatpur Collector Qamar Chaudhary and Udaipur Collector Namit Mehta.

## New Renault Triber Launched in Udaipur – Major Upgrades in Design, Features, and Performance

**Udaipur:** Automobile manufacturer Renault has unveiled its popular compact MPV in a brand-new avatar with the launch of the new Renault Triber today at Diwakar Motors, Udaipur. The launch event was graced by Gyan Dev Vishwakarma (Regional Transport Officer), Mukesh (Transport Inspector), and Jitendra Arya, who officially introduced the vehicle to customers.

Customers can now book the new Triber directly at the Diwakar Motors showroom.

According to Rajeev Namjoshi, Director of Diwakar Motors, this model features over 35 new upgrades, making it more stylish, comfortable, and safer than ever before.

### Key Exterior Changes

LED tail lamps and fog lamps  
6 monotone and 3 dual-tone color options  
Interior Upgrades

New dashboard design  
Premium seat upholstery (Sporty All-Black and Grey combination)  
Enhanced interior harmony

Safety Features  
6 airbags, ESP, TPMS, EBD  
ISOFIX child seat anchors  
3-point seat belts for all seats  
Passed fatigue testing for up to 200 km and over 100 international safety tests

Comfort & Technology  
8-inch Display Link touchscreen  
Wireless connectivity  
Cruise control, auto headlamps, rain-sensing wipers  
Luggage reminder and welcome-goodbye sequence  
Performance

1.0-litre engine producing 72 HP power and 96 Nm torque  
Available in 5-speed manual and AMT transmission options  
Improved fuel efficiency and driving experience  
Successfully tested in Indian road conditions and across 350+ city scenarios

### Variants & Price

Authentic, Evolution, Techno, Emotion  
Price: ₹6.29 lakh to ₹9.16 lakh (ex-showroom)

Rajeev Namjoshi stated – "The new Triber has been designed in accordance with international standards. It will offer Indian customers a premium, safe, and technologically advanced driving experience."

If you want, I can also rewrite this in a crisp press-release style so it reads exactly like an auto launch news article in English media. That would make it even more impactful.

## SPECTACULAR PERFORMANCE BY NCC BAND & MARCHING CONTINGENTS

On the Eve of 79 th Independence Day, a Musical band display was organised at Albert Hall, Jaipur by 19 Cadets of Bright Lands Girls Senior Secondary School, Jaipur and Civil Market, Pilani by 51 cadets

of the esteemed Birla Balika Vidya Peeth, Jaipur. The mesmerizing martial & patriotic tunes reverberated the ambience and filled the environment with patriotic fervor.
